

Review for video “Until the evening comes (prt 2)”

Tags: [evening](#), [upskirt](#); Published: [24 May 2015](#)

This is another review of one of Jeny’s older videos. It is one of Jeny being very daring and flashing and exhibiting her body outdoors. It is also another one that showed me the very naughty side of Jeny. The first of these was on Jeny’s site called [Until the evening comes \(Day 1\)](https://jenysmith.net/scene/6504820/until-the-evening-comes-day1) which you can see using this link: <https://jenysmith.net/scene/6504820/until-the-evening-comes-day1>

These two videos must have been shot on the same day. Intriguingly, it mentions Alex as starring. Why could that be?

This video (running for 32:54 minutes) starts off in a lush green park. It is bright and sunny. Jeny is sat on a coat on the grass. She is wearing a white skirt and cardigan with a short black leather jacket and nude coloured heels on her feet. The outfit is the same one as in [Until the evening comes \(Day 1\)](#). She has her knees up and is showing off a lot of her fabulous legs.

The camera pans around to show other people in the park. It also picks up the shadow of the cameraman. It clearly shows the silhouette of Alex. He then focuses back onto Jeny and from in front of her we get the first look between her legs. Of course, she is pantieless so we have the first look at her pussy. Teasingly Jeny opens and closes her legs.

Looking around she smiles, then unbuttons her cardigan flashing her breasts and perky nipples. Alex pans the camera around again to show us Jeny is being very daring as there are other people in the park, quite close to her. Surely they can see what Jeny is doing?

Jeny lies back on her coat with her legs apart so we get a far better look between her legs. She raises one knee to improve our view even more.

She then stands up and puts her jacket on. But the posing isn't over. With the sun highlighting her lower body, you clearly see through the flimsy skirt her fabulous butt. The camera also drops to give us a great upskirt view.

With the camera low, looking up, Jeny puts on a show by swaying her body, bowing towards the camera, lifting her skirt and bending over to give a great look at her glorious butt. She sits down again with knees up and parted. A cyclist passes behind her only some 20 metres away. The camera shows there are other people including a dog walker not very far away. Another couple passes close behind her. Jeny unbuttons her cardigan again showing her breasts. However it is buttoned up too soon, but as compensation Jeny decides to play with her pussy and the camera zooms in as she plays with herself with her right hand.

We are then walking behind her as she crosses a paved area towards a car park and then further along a road. She stops and turns around to face the camera. Once again we see the shirt is very see through. She comes across a wooden bench with concrete sides and takes her skirt off. Sitting down she opens her legs and undoes the buttons on the cardigan showing her breasts. To the left we see a paved footpath stretching into the distance. The sun lights up the front of her body as she lifts one leg onto the bench really spreading her legs.

All too quickly, Jeny gets up and dresses properly. We can see people on the path walking in the distance towards Jeny's position. Is that the end of her flashing for the day?

The next shot is a real eye – opener.

We are inside a car. Alex is on the back seat with his cock out. Jeny goes down on him!!

Her head bobs up and down a few times. She then lifts up, gives a huge smile to the camera before undoing the buttons on her cardigan. She has decided she needs to get her breasts out and we see how stiff her nipples have become. She then sits up again to remove her cardigan completely. We now get to see most of the top half of her body and we see how toned her arms are. She is giving Alex what must surely have been a fantastic blow job.

Inevitably Alex is brought to a climax but he lasts an impressive amount of time, especially taking into account how expertly and enthusiastically Jeny is working on him. But we are about to learn another thing about Jeny. She swallows! She lifts her head and opens her mouth to show us the result of her endeavours.

The video hasn't finished. Jeny is sat in an armchair, drinking from a plastic cup. She is being videoed by Alex. We soon see they are in a waiting room, waiting for their car to be washed. Again, Jeny is flashing a lot of leg. She opens and closes them and the hem of her skirt lifts. The camera is facing Jeny. To her right is a large window and just inside that are the workmen washing the car. Jeny is partially hidden by a wall of the room but could quite easily have been seen by the workmen the other side of the window at any time.

Jeny looks to her left as she is flashing and eventually we see there is another man in the waiting area. She is hoping to catch his eye. He must have left because next Jeny pulls down her top to flash her breasts and her pussy to the camera. She leans forward to see what is happening in the next room and gives a broad smile to one of the workers as he walks by. Her flashing finishes with her hooking one of her legs over the arm of her chair to expose her pussy before she stands up to leave.

I have since learned from watching all of Jeny's videos and reading her comments, that now and again she likes to video Alex and her having sex to remind them of the fantastic sex life they have, enjoying each others bodies.

I think that Alex was very lucky to have been given a starring credit in this video. After all, he never even showed his face. But OK, he did have a prominent part!
