

Review for video “Jeny Smith is working out”

So Jeny Smith is working out. The Tag “beach” and the very first shot of this brief video (5:52 minutes) shows us that this is no normal work out video. Jeny is naked (apart from a hat and sunglasses) and is on a beach.

Jeny is laying full length face down on a blue pattered beach towel. We see the lovely curve of her spine, her shoulder blades, tiny waist, the curves of her bubble butt and her thighs.

Her shoulders and upper back look red like she is being sunburned. By comparison her butt and thighs look a lot paler. A hand appears over her naked body holding a bottle of suntan cream.

With a slight squeeze, the first blob of cream falls and splashes on her body. Yes, at first it does look like it could be a first splash of cum. Then more and more of the creamy lotion pools on Jeny's body in various splotches.

The bottle is put down and the hand appears again, at first to rub the cream into Jeny's back and shoulders. Yes, you can imagine that is your hand about to caress the divine naked body lying in front of you. (It is of course Alex's hand as the support actor in this scene).

The hand moves lower on her body, squeezes the gorgeous butt and moves down to spread the cream on Jeny's thighs. Moving back up the hand then caresses and squeezes the butt cheek furthest away causing her butt cheeks to spread giving a tantalizing glimpse of Jeny's butt hole.

The hand moves lower and separates Jeny's legs, encouraging her to spread her legs. She needs no encouragement! The view from the camera moves lower down, between Jeny's legs looking directly at her pussy and butt hole. By no accident the hand concentrates on this area and the squeezing of Jeny's butt cheeks opens up her pussy and butt hole for closer inspection.

A firm slap of Jeny's left butt cheek signifies that the hand thinks Jeny's body is now adequately protected from the effects of the sun. Jeny turns to her left towards the camera so we get the first glimpses of her face. The work out is about to begin.

Jeny is now on her back, feet planted in the sand, knees bent and apart.

The camera is away to the right and lower down to the side of Jeny's body. We can now see the curve of Jeny's butt cheeks. You then notice Jeny, with hands behind her head, is doing stomach curls. You see the muscles in her flat stomach straining with the effort. Her nipples are so erect.

The camera moves down and between her legs. It now shows a close up view of her pussy lips which we see rise and fall along with her butt in sync to the stomach curls she is still performing.

Jeny then flips over onto her knees and elbows with her butt in the air. She starts leg lifts with her left leg and the camera view shows her butt and thigh muscles working whilst her right breast can be seen dangling down and swaying with each leg lift.

She then switches legs as the camera switches view so we can see along the whole right side of her wonderfully toned body. Both breasts can now be seen swaying. Her nipples are still so erect!

Jeny turns onto her left side and performs leg splits raising her right leg up and down. The camera picks up her nipples which are still so erect!

Jeny then turns onto her front. She first performs some press ups, then the plank. The camera is still by Jeny's feet looking up between her legs so it highlights how puffy her pussy lips are and the power she must have in those magnificent butt and thighs.

Exercises over, Jeny stands up still totally naked to sift through the sand and we see the sand stretching away into the distance.

This video gives us an insight into how hard Jeny works on her body to keep it in fabulous shape. The weather was hot. Seeing Jeny's naked body exercising is even hotter. For such a short video it really packs in the "Wow" factor.

The video was shot when Alex and Jeny were on holiday in the Crimea, in a village called "Popivka". There are other videos from the same holiday called "Sands and the Sea!" and "Vacations Compilation". They both have plenty of shots of Jeny in all of her naked glory including close-ups of her pussy and butt-hole and those wonderful nipples, so you really should think of looking them up on jenysmith.net
