So Alex and Jeny are on vacation in the Crimea and have rented an apartment to stay in. This video is shot there. The opening is a full body shot of Jeny. She is wearing a very short, sleeveless, bright blue dress and white strapped, high heels shoes. Her hair is luscious and dark brown and hangs loosely on her shoulders. She wears bright dangly earrings which help highlight her pretty face.

There is a flat screen TV on a bracket on the wall showing some programme. It is barely noticeable next to the vision that is Jeny and her gorgeous bare legs, emphasized by the shortness of her dress (which hardly covers her butt cheeks) and those heels.

She turns away from the camera and bends over. Her pussy winks out into view and the bottom of her ass cheeks can be seen. She isn't wearing panties (as is usually the case).

Jeny turns around and walks slowly and deliberately as if she is a model on a catwalk. She is putting on a show.

She turns around and raises her arms above her head to sweep her hair back. The curves of her breasts and the stiffness of her nipples are emphasised by the clingy material of the dress.

For the next few minutes she puts on a private dance for the viewer. She sways and gyrates.

She stretches and strokes her body. She rubs her hands all up her legs.

More of her ass shows as she moves and the back of the dress rises up.

She strokes her nipples through the material of her dress. They must now be so hard!

She then struts to the left. We see a breakfast bar with a high stool which she sits upon. There is a glass and a bottle of red wine on the breakfast bar. She looks towards the camera with her legs open offering a view of her pussy.

She then turns sideways to the camera giving a wonderful look of her fabulous thighs and legs. She has a slight smile on her face and one of her “looks” in her eyes.

We can now see part of a bed and bed frame just in front of her. Will the bed feature? We will have to wait and see (but as it turns out, not for too long).

She slides down off of the stool. She leans forward on it and bends over with her ass towards the camera, as she opens her legs. The tautness of her calves and thighs can be seen. As can her ass crack and pussy lips!

Jeny then moves towards the bed. She leans on it. Then she raises her left leg to kneel on it.

The camera moves more directly behind and closer to her. The skirt has risen again so her pussy lips can be seen. Her inner lips can be seen protruding. She has a delicious smile on her face knowing she is exposing herself to the camera.

But the situation gets even hotter. The skirt has risen even higher. Her butt-hole can now be clearly seen. There is the index finger of Alex's left hand pointing at it!

No, it's not just pointing. It's inserted! For the next few seconds we see the finger moving in and out as Jeny's butt sways, as she is clearly enjoying the feeling.

Jeny turns around to lay on her back. The camera is above her looking down. She raises her knees and opens her legs, Her arms are above her head as if she is waiting for something. Such an inviting looking position!

She then raises her knees towards her chest which fully exposes her butt-hole and pussy (that shot is not shown here) before she rolls onto her right side with her legs pulled up offering another glorious view of her butt and thighs. She has a wonderful smile on her face.

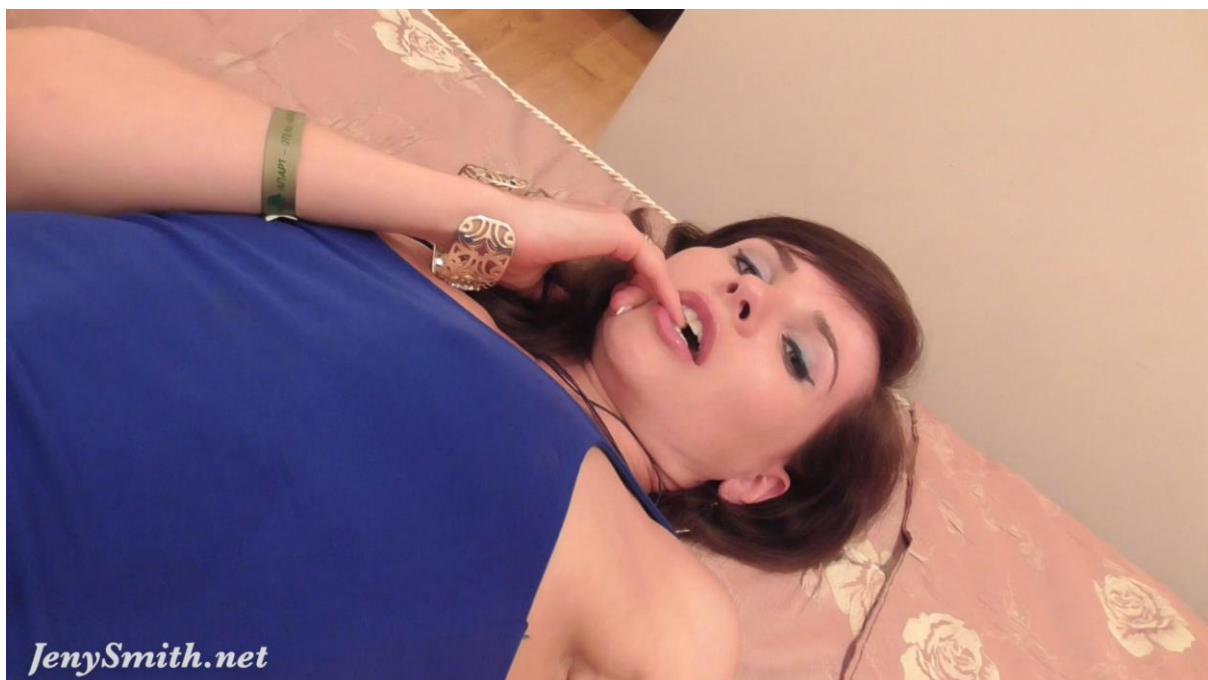

The action doesn't finish there. Members of Jeny's wonderful site will know that although this video is only 7:15 minutes in length, it is very erotic. It also contains some of the most extreme close-up views there are of Jeny's pussy and butt-hole.

Jeny willingly and sexily offers both her pussy and butt-hole for the viewer's gaze as she holds her butt cheeks apart to allow even better views as she lays on her side on the bed. She also gets on her knees again on the bed with her butt thrust towards the camera.

In her replies to member's comments on her site Jeny said that her and Alex had "wild sex" after this video. Also, she said "my husband loves to jerk off to this video also and he comes in the same point where you did (me laying on the bed)". See if you can find out the scene being referred to.

My final screenshot (just imagine being this close up):
