I've delved back in the archives to review an 8 year old classic that I hope you enjoy as much as I do! You will notice that this is part 2 of the adventure and part 1 (equally as exciting) is available separately.

The video opens with Jeny dressed to thrill in a park and our Queen of tease wears a beige coloured coat but it's what she's wearing beneath that is amazing!

Jeny wears black ankle boots with gold laces and woven in her hair is beading with red tassles, 20

denier seamless black pantyhose and a sheer black top and, needless to say, no bra or panties! Jeny looks divine, her nipples already erect and her smooth pussy lips not hidden by her tiny landing strip.

We are then treated to a series of vignettes, firstly Jeny sitting on a small brick wall, one foot on top of the wall giving us a glorious view of her pussy as she plays with her tassles, before leaving her coat behind she strolls in the park and

her bare butt is clearly visible in all its magnificence.

The scene now switches to early night time and in the same park with Jeny walking under the brightly lit path and behind her we can see a man walking his dog. Soon after a couple are strolling along and all the while Jeny struts her stuff with coat wrapped over one arm, her nakedness only hidden by sheer black nylon.

We jump back to earlier the same day to see Jeny standing with her coat open on a busy path as she talks on her phone oblivious to the people walking past. Jeny then films a selfie which includes catching the guy who was looking at her outfit. She walks along, her coat undone, the sun lighting up her gorgeous frame.

Jeny is then seen sitting in a wooden stall and she is playing with her pussy lips, her legs wide apart she is lost in the moment as we get to watch her working towards her orgasm. Jeny then feels that the nylon is not sheer enough to let her climax and so she puts her hand beneath the material and spreads her butterfly, revealing how wet she is and masturbates to a well deserved orgasm.

Coming back down to earth, Jeny simply does her coat up and walks away whilst the camera lingers on her!
