Running time: 15:12 minutes.

The camera pans around a darkened room and picks up a beautifully decorated Christmas tree. The dulcet tones of Frank Sinatra can be heard singing “Have yourself a Merry Little Christmas” in the background. We then see there are lots of lights, some twinkling, as well as lit candles. Someone has gone to a lot of trouble dressing this room ready for Christmas. The scene is enchanting.

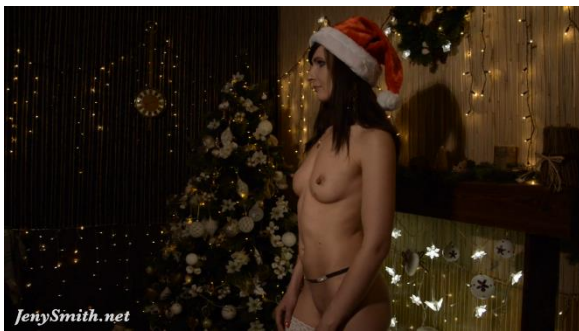

Next the camera picks out from the shadows, the bottom part of a pair of legs. They are wearing heels that are covered by thick socks worn as ankle warmers. The camera travels upwards just enough to pick out the white lacy tops of stockings. The camera pans around some more until we see the shadowy figure of the top part of a woman’s body, which seems to be naked. Eventually the camera shows us the woman is Jeny. She is indeed naked, apart from the red Christmas hat she is wearing, a thin black belt around her stomach and those white lacy topped stockings and heels. Even more enchanting.

The camera next shows us a shot from farther away, so we see the whole of Jeny’s naked body. The scene looks very romantic but sexy, mostly in shadow, but dimly back lit by numerous Christmas lights.

As the song continues the camera pans around Jeny's naked body further, showing us just how fabulous it is. Santa was oh so lucky to have naked Jeny as his helper that evening.

But, just as Ol' Blue Eyes starts to sing the final verse of the song, Jeny looks down with some surprise. A black leather restraint has appeared on her left wrist. Shortly after, another one appears on her right wrist. This is starting to look slightly kinky, but very interesting.

We then have a view from behind Jeny's back. There is a wonderful view between Jeny's legs from the rear showing her fabulous butt cheeks, It also shows the two wrist restraints have been clipped

together so Jeny's arms are restrained behind her back. This definitely is looking kinky and even more interesting.

The camera shows the next scene from farther away. Jeny is now stood behind a wooden chair with no cushions and a high, straight wooden back. There is a blue object on the seat of the chair.

At first it is not clear what we are seeing but it soon dawns that the object is a blue and clear vibrator. That is confirmed when the next close up scene shows the vibrator. Very, very interesting!

The vibrator has a number of control buttons on the small panel at the bottom. It has a protuberance on it (which I shall call a "clit-tickler", I hope that is the right phrase). The vibrator has been wedged into a crack made in the seat of the chair. After 3:40 minutes we get a close up view of Jeny's pussy as she is sat on the vibrator, on the chair.

Jeny's legs are spread. The vibrator has been turned on by an unseen hand (we know that because some of the lights on the control panel now glow red). The tip of the vibrator is between Jeny's legs and it must be nestled between the lips of her pussy. The clit tickler must be working its magic because we see from the gorgeous looks on Jeny's face that she is enjoying the experience.

So for the next 11 minutes approximately we are treated to the erotic sight and sound of Jeny experiencing a number of climaxes.

We see, in extreme close – up the clit tickler vibrating on Jeny's clitoris. (Those scenes won't be shown here, but are reserved for the lucky members of Jeny's site.) They show the closest views of

Jeny's pussy that you can find anywhere on her site and you even get to see the slightly sticky juices trailing from the vibrator to her lips.

The close up scenes of Jeny's pussy are so erotic. But the situation is made even more erotic because there are also many close ups of Jeny's beautiful face leading up to and then achieving orgasm. There is nothing quite so erotic as seeing Jeny's face as she cums powerfully, which she certainly does here.

At different stages, we see her bite her bottom lip. She also licks her lips.

Her heads goes back and her mouth opens. Sometimes she has to work to climax by shifting her body so her pussy's lips and her clitoris get just the right amount of stimulation. One time she has to raise her butt from the chair.

And at the end, such a beautiful, satisfied, contented smile on her face.

Footnote. This is the first and for a very long time, the only time, Jeny was seen in one of her videos wearing restraints. However, her interest in that particular fetish has recently been re-kindled. Members are now lucky to have further videos to watch where she wears restraints.

In the video “My Cold Thing”, published on Jeny’s site in April this year, her arms are restrained behind her as she tries out an anal hook for the first time. You can read Heather’s marvelous review of that video and find a link to the video here: <https://jeny-smith-treasure-map.club/index.php/reviews/heathers-review-for-video-my-cold-thing>

Next, in the video “Tea. The Girl Scout is Returned” published at the end of May this year, there is a long scene, part way through where Jeny’s legs are restrained. She holds them in the air with a plug in her butt and a vibrator in her pussy. Even better, that scene was then made into a separate video published this June, in which we see everything close up because the video is zoomed in . That separate video can be seen on Jeny’s site here: <https://jenysmith.net/scene/9427365/teas-tied-up-enlarged-scene>

Happy viewing!
