We are lollod into a false sense of security with the opening shoot of Santa's grotto and Frank Sinatra singing 'have yourself a merry little Christmas' The camera scans around the room which is lit by candles and various flickering tree lights, it's very atmospheric.

We get our first sight of Santa's Helper or rather her stocking clad legs and a pair of ankle boots and how do we know they are stockings.....because that's all Jeny is wearing! That and a very thin black belt plus a red Santa's hat, also that's the only fur on Jeny's body as even Santa's sleigh has no landing strip to guide it home!

Jeny is standing still as the camera pans across her fabulous body and,,slowly the lighting brightens and her wonderful figure is seen for the first time in all of its glory.

But what's this that has appeared on Jeny's wrist? It's a leather cuff, first on one wrist and then, in a blink of an eye, there's a matching cuff on the other wrist. A surprised look from Jeny as she works out what they are, then with both hands behind her back they are clipped together, meaning that Jeny is now Santa's helpless helper!

As suddenly as the cuffs appeared, so now appears a high backed chair. Also set upon the seat is a blue vibrator! And it's already buzzing away, it just needs a helpless helper to complete the picture.

And sure as night follows day. Jeny is now seated with the vibrator partly inserted in her hairless pussy with the 'tickler' part now working its magic on her clitoris.

Jeny may be helpless in one sense but for a lady who loves to masturbate, she couldn't be more happy! We are then treated to a series of close ups of Jeny's increasingly wet pussy as well as close ups of her beautiful pre-orgasmic face interspaced with shots of her full length incredible figure.

For those who haven't seen a woman climax time and time again then this video will have you in doubt that Jeny never fakes an orgasm, why would she, when she clearly enjoys cumming.

I'm deaf but my husband tells me that Jeny's gasps and moans are a very erotic addition to this movie. The camera fades out with the message wishing us all a merry Christmas and a happy New year from our Queen of tease!
