

Review for video “Sexy Denim”

Tags: [denim](#); Published: [8 July 2016](#)

This is a video taken in easier times when Jeny could walk about outdoors much more freely. The opening shot is of steps leading down to a red timber bridge/walkway lined by green vegetation on each side. We see Jeny first from behind, then from the front as she walks down the steps.

The weather must be warm as you can see Jeny is only wearing very brief, faded denim shorts with a bib, a short white wrap around top with short sleeves and cream coloured wedge heeled sandals. She is carrying a handbag. She is clearly ready to do some outdoor teasing!

Sure enough after just a few seconds, Jeny pauses on the walkway. The camera zooms in for close ups as we get to see from the left side her gorgeous legs, a glimpse of her taut stomach and pubic bone, the curve of the side of her covered left breast and then her pretty face. She arches her eyebrows, flutters her eyelashes and has a twinkling smile. We can see there are people in the background. Jeny is waiting for them to move away.

She then unclasps the bib so it falls. We get a real good look at the curve of her hips and her flat stomach and briefly all the way down to the top of her pubic bone. She then adjusts the way the bib falls down to make it slightly less revealing (for Jeny) as a number of people walk past her. The top line of the shorts/bib is still many inches below her belly button!

Jeny is now alone for a while. She unties the front of her top and pulls the flaps apart. We have the first sight of her magnificent breasts with her perky nipples above her flat stomach. To emphasise her fabulous figure, Jeny spreads her arms, each hand holding a bottom part of her top. She stands feet apart and sways her hips and is obviously enjoying being so brazen. She seems to get close to knocking her handbag which is precariously balanced on the handrail.

Someone is coming so very briefly we see her trying to cover up. But then with no one around, she exposes her breasts again and pulls the top of the shorts down so we get to see the top of her pussy and landing strip. She then turns around so we see the top part of her butt crack. Then the shorts are dropped to her knees and we get to see her full nakedness. She traces a finger up the left side of her body pausing to tease her left nipple. We then get to see her briefly full frontal and the scene closes with a shot of the surrounding vegetation. Phew! Five minutes have passed and there are still nearly another twenty minutes to go.

Jeny with top and bib properly in place, takes a stroll and we are given lovely shots of the surrounding trees and river. We next see Jeny sat on a grass bank. She is sat in the shade of a tree but we can see people walking to the rear and the side of her. What has she got in mind to do?

We soon see. First she unties her top to show off her breasts. Then after a while she stands up, checks around and then takes off her shorts. She then places the shorts on the ground to sit on them. She raises her knees and opens her legs. Checking around she believes no one can directly see her. This flashing has turned her on so much and her pussy now needs some attention. She is soon rubbing her pussy in broad daylight with people passing very close behind her. The camera pans around and we can see people walking just to the rear and to the side of Jeny. She gets coy and wraps her top around her body and closes her legs. We then watch as Jeny stands up, steps elegantly into her shorts, ties her top and fastens the bib to the straps. She is going to move somewhere else.

We have moved to a different part. Jeny decides she no longer needs her top which she takes off. Her breasts are naked beneath the bib to the shorts. Her nipples are so perky: she must be enjoying them rubbing on the inside of the denim bib and they frequently escape their scanty covering. She confidently strolls through the countryside and the camera pans around her as she walks giving us wonderful views of both side of her breasts.

We then move into a large field close to a river with pleasure boats on it. There are other people on the path, on benches and sunbathing in the field. Jeny finds a patch amongst some tall grass with pretty yellow and white flowers. The bib is undone and once again we see her stepping out of the shorts within 30 metres of another couple sunbathing in the grass. She sits on the shorts partially hidden among the grass. The top comes off and she lays back, naked except for her shoes.

The camera is about 10 metres away but zooms in to show us the broad smile on Jeny's face. She is relishing being naked in nature. The camera shifts position. We can see naked Jeny in the foreground, leant back on her hands, knees up. In the background we see a pleasure boat serenely passing by. The people on the upper decks must surely be able to see Jeny's nakedness.

Jeny shifts around to face the camera. She is leant back again but this time both her knees are up and apart. The grass hides her treasure from sight. She turns around to check on another couple sunbathing close to her. We then see Jeny with her top around her shoulders because there is another couple strolling slowly behind her just metres away. Another boat cruises along in the background.

At 17:50 in the video the camera zooms in for a close up view of Jeny's gorgeous naked body. We can now clearly see her landing strip. At 18:50 the camera starts concentrating on Jeny's pretty pussy as she obligingly opens her knees.

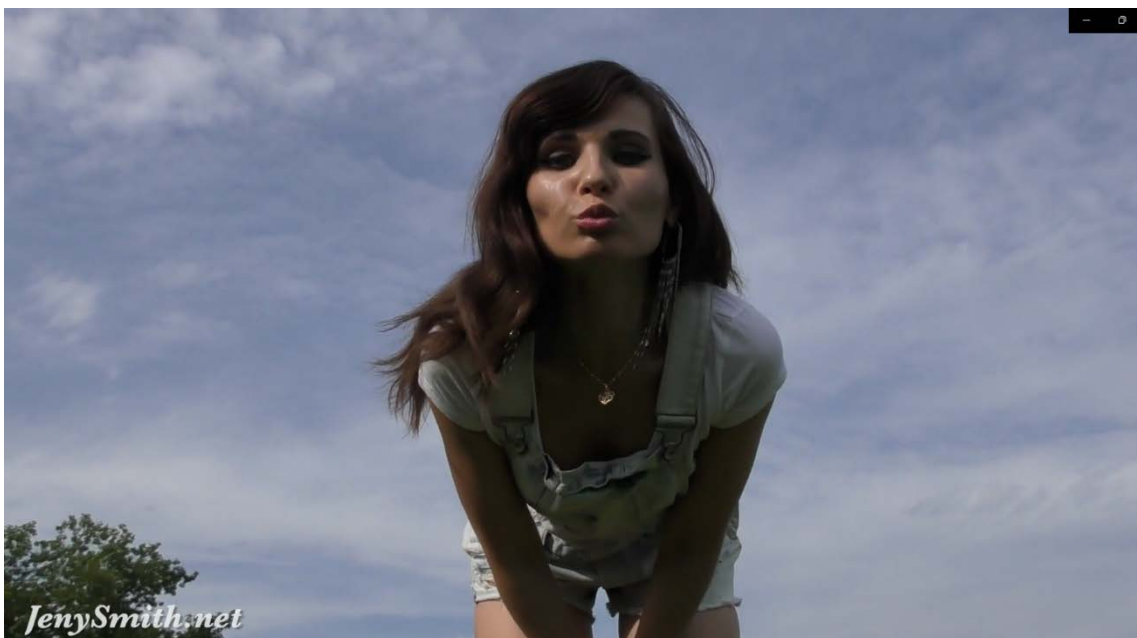

A plant partially spoils the view of her pussy as she tilts her head back to catch the sun's rays. But the camera is on our side. It decides we need a much closer look so zooms in and in, so the whole of the screen is taken up with the between legs view, with the pretty engorged pussy lips and the curve of her butt cheeks. It seems so close you could touch and smell it's fragrance. If only!!! You must check this scene out on Jeny's site.

The camera then switches to ground level from Jeny's side. We see people strolling behind her.

She playfully toys with some plants and throws bits towards the camera and blows kisses.

The video ends with Jeny standing up and us looking up as she steps into the shorts giving us a wonderful view of her glorious butt.

Once dressed and all prim and proper (for Jeny) we see as she bends down to blow a farewell kiss. Oh Jeny!
