

## Review for video “Something unfinished”

Tags: none; Published: September 9th, 2016

Running time: 6 mins

The video begins with Jeny walking up a road surrounded by what looks like car showrooms and she is wearing a long white dress and I mean long (it's to the floor) However this is Jeny we're talking about and as she walks towards us a gust of wind reveals that the dress has 2 splits at the front and the splits are to the waist! The 2 guys walking in the opposite direction can't have failed to notice her perfect pussy as Jeny makes little effort to cover up.

Jeny is next seen walking through a very busy carpark as again the wind blows and all is revealed Again and again she is making every effort to let passers-by get a glimpse of heaven.

Then at the end of the film the unfinished reason is given and we can only hope that it is revisited one day.
