

Review for video “Forest”

Running time: **08 mins 16 sec**

Filmed in a pine forest, this reminds me of a Gustav Klimt painting of silver birches but with the added bonus of Jeny in amongst the forest strewn floor of needles and pine cones.

Jeny wears a white short sleeved top with a short white skirt with patterns of pink roses. She moves gracefully among the trees which have been planted neatly in rows.

Gradually Jeny lifts the hem of her skirt to reveal her perfect pussy with its tiny landing strip covering nothing and then her top is pulled up to release her beautiful breasts with their erect nipples.

Jeny finds a spar coming from one of the trees and she lodges her few items of clothing in it. Clearly aroused by being naked and at one with nature, she crouches down and starts to masturbate with one hand and with the other she fondles her breast.

In a short time, she is reaching her climax and with a mischievous smile she stands up and almost in slow motion Jeny is moving about the forest. Jeny is a living, breathing wood nymph and with one last twirl she is gone.

A relatively short video but none the worse for that

Poka poka until the next time
