

Review for “New Sales Girl chapter 2”

This should really have been called The New Fetish Girl as those fans of BDSM will be thrilled at the prospect of seeing Jeny enjoying (and she does enjoy it) a lot of spanking.

We enter the shop to find Jeny completely naked but for black stilettos and some bondage equipment that consists of leather leg straps that are positioned at the top of Jeny's perfect thighs and leather wrist straps that are attached to the legs by clips meaning that Jeny is unable to raise her hands to protect herself! I should mention at this point that not only is naked, her perfect pussy is devoid of pubic hair as well, her lips prominent

The first customer to enter the sex shop is greeted by the sight of Jeny sitting astride a life size panther (a member of the big cat family whilst Jeny's pussy is a member of the smaller V cat family, both of which pur if stroked correctly)

After greeting him, Jeny explains that there is an action theme that evening where it is possible to test the merchandise. The guy asks if Jeny is included in the merchandise! No! is her response but to soften the blow, she tells him that she is willing to have him try out the goods on her! She points to a cat a nine tails whip that she suggests he try out on her "are you familiar with this type, by the way he caresses the whip, he clearly is and he confirms that it isn't the first time he has used such equipment

Spank me with it, Jeny implores him, and tell me how it feels, she excitedly says. The guy is obviously an alpha male and as Jeny bends forward he lashes her bare butt with a single blow that she says was harder than she expected! He apologises whilst rubbing her fabulous ass!

Not deterred by the first whiplash, Jeny asks for more and to emphasise her desire for more she bends slightly and thrusts her bare buttocks towards him.

His second lash is not as hard this time which Jeny loves. She is showing us a side of her that we have only seen at brief moments in previous videos. Jeny, when the situation is just -right, loves the feel of a palm slapping her cheeks or in this case the sting of the lash but I must repeat that any punishment must be within her limits.

The next thing, Jeny asks for and receives is the feel of the lash between her cheeks so that she feels it on her pussy 'that was awesome' is her response to the sensation. She asks for more leading to her receiving in quick ,succession 4 extremely harsh lashes which leaves whip marks on her bare butt..Her response this time is to ask him not to hit her so hard as she has other clients to see later!

Jeny clearly feels comfortable with the punishment being dealt out to her and she sees a sales opportunity, she tells him that every time he sees a product he wants to buy he can spank her (I've a feeling that he will end up buying a lot!) He suggests that she should point out the product that she thinks he's chosen but she is unable to comply with his request because of her manacles! She does however recommend merchandise for him, knowing that she will be spanked every time he likes her choices. 'What about these stockings?' "I love them!" he replies and one more crack of the whip reverberates around the shop.

The conversation between them is very flirtatious and certainly contributes to the point where Jeny lets him whip her beautiful breasts (I've lost count of the number of strokes that Jeny has received but judging by his purchases, it's a lot!)

The first time I watched this video I was caught in two minds. Firstly I was thinking it's never correct to condone any violence against women but then it was clear to me that Jeny was getting as much if not more from the session and, if she was more than happy to be whipped which she clearly was, what right did I have to condemn them. The only thing I would remind you all is that if your partner says NO!! she means NO! otherwise the world is your oyster!!
