Running time: [19 minutes 14 seconds](#)

Day 2 of their vacation starts with our explorers checking the tram timetables. They are both in blue, a navy blue one for Vienna and a light blue one for Jeny but take a closer look at Jeny's. Her dress is see through and her nipples are already erect and trying their hardest to poke holes in it. The tram passes by obscuring them for a moment. It must be a magical mystery bus because they are both naked as it passes. Well almost naked, Vienna wears a gold belt around her waist.

This sets the tone for the rest of the day. Catching the lift takes them to the upper tier of the magnificent bridge which is used by trams, the lower tier being used by cars. It's a glorious sunny day as they walk towards the bridge but as any tourist albeit a naked one has to stop at a gift shop to check out the postcards.

But as they are both completely naked there's no place to put them! They continue to the bridge stopping only long enough for the passing tourists to take out their phones to capture a reminder of the day when they saw 2 naked women.

But now they are both dressed as it's very windy being so high up. But just because they are dressed doesn't stop them from pulling each others dresses up revealing 2 perfect butt cheeks and in Vienna's case a bare breast. Deciding to cross to the other side of the bridge they are again nude and smiling.

The screen turns black only for the time to be displayed it reads simply 11 pm

Time for bed!

I'm not going to describe the next 10 minutes suffice to say it's the perfect end to a perfect day
