

## Review for video “20 den”

Tags: [pantyhose, flashing](#); Published: [February 7th, 2017](#)

I've been working my way through Jeny's archives (it's a hard task but someone's got to do it!) and there are a lot of hidden gems out there, maybe because of misleading titles. A case in point is 20 den which refers to the thickness of Jeny's pantyhose and with only 86 thumbs up. You probably haven't bothered with this video! Are you missing something special? Read my review to find out

This video starts with Jeny in a shopping mall and she is wearing black leather boots, a black checked knee length coat and beneath that a black waistcoat and lastly the 20 denier seamless pantyhose and a see through top (Needless to say, „Jeny is without bra or panties!) We see Jeny walking around window shopping with her coat undone and showing how thin the material of her tights are with just the tiniest of landing strips leading like an arrow to her smooth bare pussy lips.

At one point Jeny takes a break and sits with her legs spread apart giving us a glorious look at her beautiful pussy. Then Jeny is up again but where is she going to...

..., Jeny is at her favourite bar, she has taken her coat off and her waistcoat is unbuttoned, Jeny's fabulous breasts are now totally on show along with her pussy as she sits in a corner. This is never going to be enough exposure for the Queen of tease and the next we see of Jeny she is dancing on the bar alongside another girl who is suitably attired in just a black bra and thong. We watch as they caress each other. This is the height of eroticism as Jeny continues to explore her exhibitionism, she's clearly relaxed with public nudity!

There follows a short period of Jeny standing and talking to a guy whilst a band plays next to them. She is still wearing her waistcoat, tights and sheer top, but then she appears on the dance floor with the other dancer both topless and then Jeny is dancing naked but for her boots in an all too brief sequence on the dimly lit floor.

The video ends with Jeny back on the bar wearing just her waistcoat (undone of course) and boots, this scene ends what is a hugely underrated video
