

## Review for “New Sales Girl - Fishnets”

Tags: **Fishnet, sales girl, sales;** Published: **February 23<sup>th</sup>, 2017**

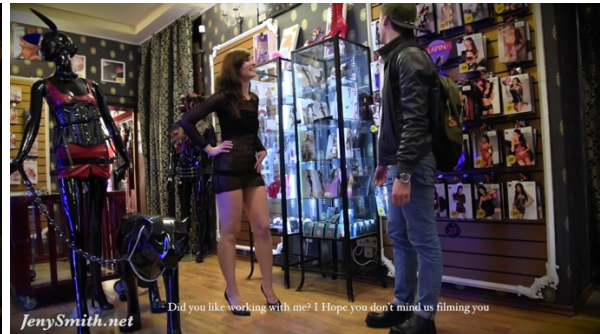

Once again, we are with Jeny back in the sex shop where she is now working. Her first customer is already studying the merchandise when Jeny enters the room and what is she wearing this evening? Well she is completely covered.....in a long sleeved dress made entirely of sheer fishnet! Her breasts look fantastic shrouded in black, Jeny calls it a transformer dress and she has already transformed it once by folding the material upon itself to make it into a minidress. This unfortunately means that her perfect pussy and awesome ass are hidden behind several layers of fishnet but not for long!

Jeny wants to explore the possibilities the dress has to offer and she pulls the material down to show how it should be worn and it hides nothing of her fabulous figure. The translucent material just highlights how gorgeous Jeny's body is.

There then follows a series of the customer manipulating the material to either hide her treasures or draw attention to them! After one such transformation Jeny tells him that she wants to go outside for a walk wearing the dress 'really?' NO! REALLY?" "Of course!" replies Jeny "Will you come with me?" Alas he won't commit to the challenge and so it's a dream that must remain a dream!

We have the luxury of knowing what Jeny is like and so the idea of walking in her fishnet dress in public is more than likely!

The video peters out somewhat and we will never know if the customer plucked up the courage!
