

Review for video “The Report”

Running time: 23:37.

This is a staged video. The scenario is Jeny is expecting a report from her employee (played by Alexey). He is late with it and has to deliver it to Jeny’s home after hours. She turns out to be a bitch of a boss! As will be seen, Jeny plays the part very well. Oh and for once her feet have a starring role in this video (a bonus for any members with a foot fetish).

It starts when the man enters a darkly lit room with the Report in his hand. We then see Jeny sat in a old style, well-worn low brown leather armchair. She has her hair up and is wearing a white top, silver necklace and very short black skirt. Her long legs look fabulous sheaved in nylon. She is wearing black sparkly CFM heels with red soles (members will know those heels well as they have featured in a number of Jeny’s videos). She looks gorgeous but the look on her face is so stern. She is displeased with something....or someone!

The employee stands sheepishly in front of her. He hands her the Report for her to read. From where he stands he is looking down at her and cannot fail to see the sexy sight in front of him, by looking up her skirt and between her legs. There is a glimpse of bare skin at the top of those magnificent legs where they join together.

She crosses her legs as she thumbs through the Report. She doesn't seem happy. He must also see (as do we viewers) that she is wearing stockings.

She glances at him at times. She gazes at him intently. Her face is beautiful but stern. What is she thinking behind those gorgeous green eyes?

She notices he is staring at her legs. She uncrosses her legs to pull the skirt down at both sides but in doing so she provides the chance to look up her skirt and between her legs.

Dramatically she stands up and throws the Report at him. The paper leaves scatter on the floor. She gestures at him to get down on his hands and knees to collect the papers. He meekly complies. He is level with and just inches from those fabulous legs and just has to look.

He sorts the papers into a neat pile on the ground. Jeny stands on it with one of her shoes. She also takes the chance to grind the sole of the shoe into the back of his hand. He looks up to see what is happening and finds he is looking at the narrow strip of bare flesh above her stocking tops.

Jeny kicks the papers as she walks away to sit back down in the armchair. She tells him to wheel a coffee table in front of her chair so she can rest her legs on it. She then tells him to take off the shoes for her, which he does.

He places them almost reverentially, together at the edge of the table. We then get a close up shot of something not often seen in Jeny's videos. Her feet. Sheaved in nylon. With toe nails painted bright red.

Anyone with a foot fetish will love the next few minutes. The employee is made to massage Jeny's feet, which is shown in close-up detail. She starts enjoying it. She bites her lip and rubs her thighs together.

Just as it looks like she may be softening, the bitch is back!. She yanks her feet away and orders him to take off his shirt. He does as he is told. But that isn't enough for Jeny. She orders him to lie on his back at her feet. Once again he meekly complies.

She presses her right foot into his face, rubbing against his nose and his mouth. His tongue licks the sole of her foot. She does the same with her left foot.

She is enjoying toying with him. But he doesn't seem to be too unhappy! That displeases Jeny so she pushes his face aside and stands up. She steps over his prone body but she lingers, just for a few seconds, with her legs astride his head. He must have had a wonderful upskirt view at that point.

Jeny stands with one foot on his chest and with the other foot rubs it into his face.

Part of her bare butt can be seen but she is unconcerned as she wants to totally dominate him and to belittle him.

She then climbs onto the armchair with her butt facing towards him. He gets up to kiss the soles of her feet and he gets the first clear look at her pussy (as do we viewers). Her protruding inner lips can be seen.

The next few minutes show the employee worshipping his boss' feet by kissing, sniffing, licking and caressing them. The boss walks all over the employee. Literally, both bare footed and wearing those heels!

Being so dominant turns Jeny on. She eventually settles down in the armchair, lifts and spreads her legs and with her left foot, pushes against the employee's face. Her right hand drops down between her leg and she starts to masturbate.

She roughly pushes his face with her foot. She forces her toes into his mouth. She then switches feet and with her right foot assaulting his face she uses her right foot to press into his crotch.

All the while her hand is between her legs, massaging her pussy lips. Some minutes pass. The rubbing of her pussy becomes more intense. The employee carries on kissing her feet.

Jeny's head falls back onto the chair. Her mouth opens. We see and hear her cum with the effects of a powerful orgasm.

She caresses her pussy as the orgasm subsides and curls up in the armchair. Her fabulous legs and butt are on show and her pussy peeks out from between her legs.

She pushes the employee away and then tells him to leave. He has served his purpose. What a bitch boss!

What a lucky employee!
