The opening shot follows Jeny walking along a busy road at night. We see her butt, swaying as she walks. She is wearing a very short tight mini-skirt, black high heeled ankle boots and a short, light coloured warm fluffy coat. She is looking so sexy. The camera pans up her fabulous legs. It shows us from the patterns at the top of them, that she is wearing black stockings.

We next see her using her mobile phone. A short while later a vehicle (which has been pixelated to hide the type and markings) pulls up at the kerbside. We see the cameraman (Alex) climb into the front passenger seat. We are then shown shots of the vehicle travelling along the road. The camera then turns rearwards and we can see the silhouette of Jeny sat in the middle of the rear seat.

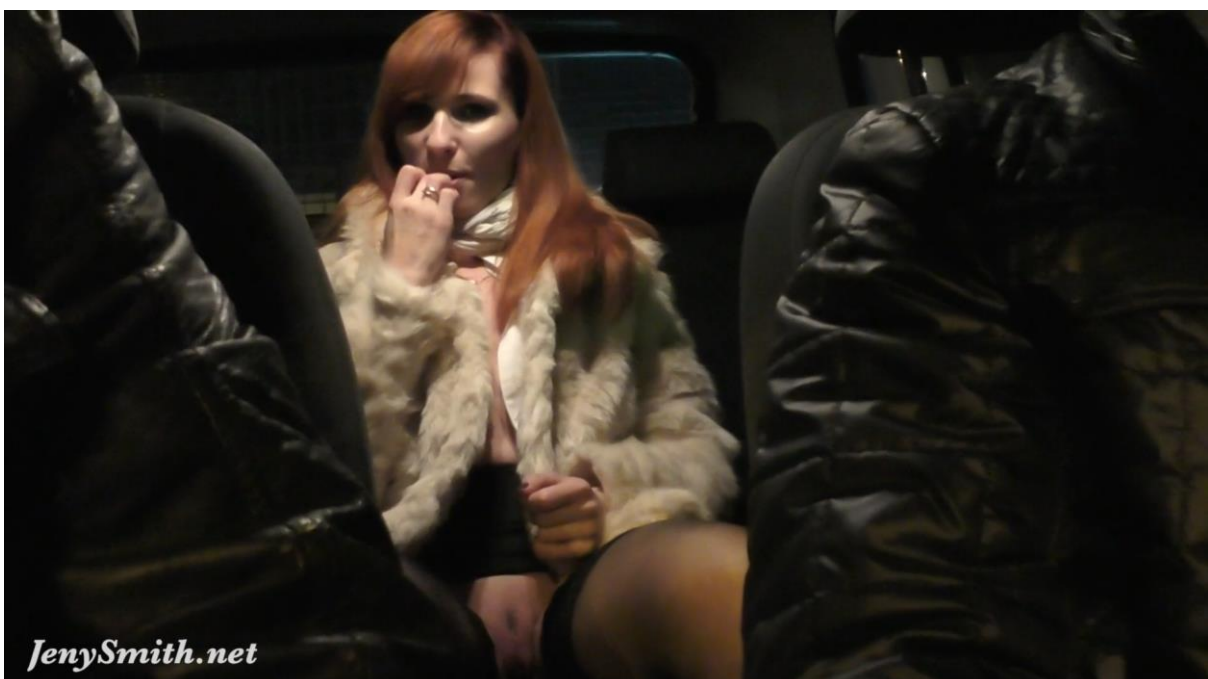

Jeny switches the car's rear passenger light on. We can see her clearer now. Her long light auburn hair falls loosely on her shoulders. She wears earrings that dangle and a white scarf around her neck. She smiles and waves at the camera. Her eyes are twinkling. Alex points the camera downwards towards her thighs. Jeny slightly lifts the hem of her skirt and parts her thighs. We get a glimpse of bare skin. We also see her landing strip so of course Jeny is not wearing panties.

So does Jeny plan to flash from the rear seat? Indeed she does. She has hitched her skirt up as she slightly opens and closes her thighs, showing her landing strip and pussy. We also now see her coat is open. She has a white buttoned blouse underneath. We next see the blouse fully unbuttoned. Jeny pulls it open to flash her breasts and those gorgeous nipples. They are stiff. She has a broad smile on her face.

Jeny keeps an eye out for the driver looking at her in the rear view mirror, but becomes more brazen in flashing her pussy and breasts as she is driven along. She is getting turned on, so much so, that she just has to start fingering her pussy. She even licks the fingers of her right hand, so that they slip easier over her clitoris and pussy lips. Her nipples then need some attention, so with her blouse fully open, she flicks each nipple.

Jeny turns the passenger light off so the rear seat is in shadows. It looks like this particular game might be over. Not at all. We can see from the shadows that Jeny is taking off first her scarf, then her coat. Alex's camera switches to low light capability and we see in a ghostly gray hue, Jeny take off her blouse.

At first she is slightly coy, holding her blouse in front of her breasts, then dropping the blouse she covers herself with her arms. But, very quickly she drops her arms. She is smiling broadly again and is so turned on by the situation. We see her awaying and squirming on the seat as she starts rubbing her pussy again.

She starts masturbating properly and rubs her breasts and nipples as she does so. She starts slipping down into the rear seat as she seriously gets into her masturbation. Up to now, the driver seems to have been oblivious to her antics in the back. But just after 10:40 minutes of the video, the driver suddenly looks around. Caught! "Wow" he exclaims. He asks if she is too hot in the back seat. Jeny says she is not and asks him if he minds what she is doing. A silly question really – who would?

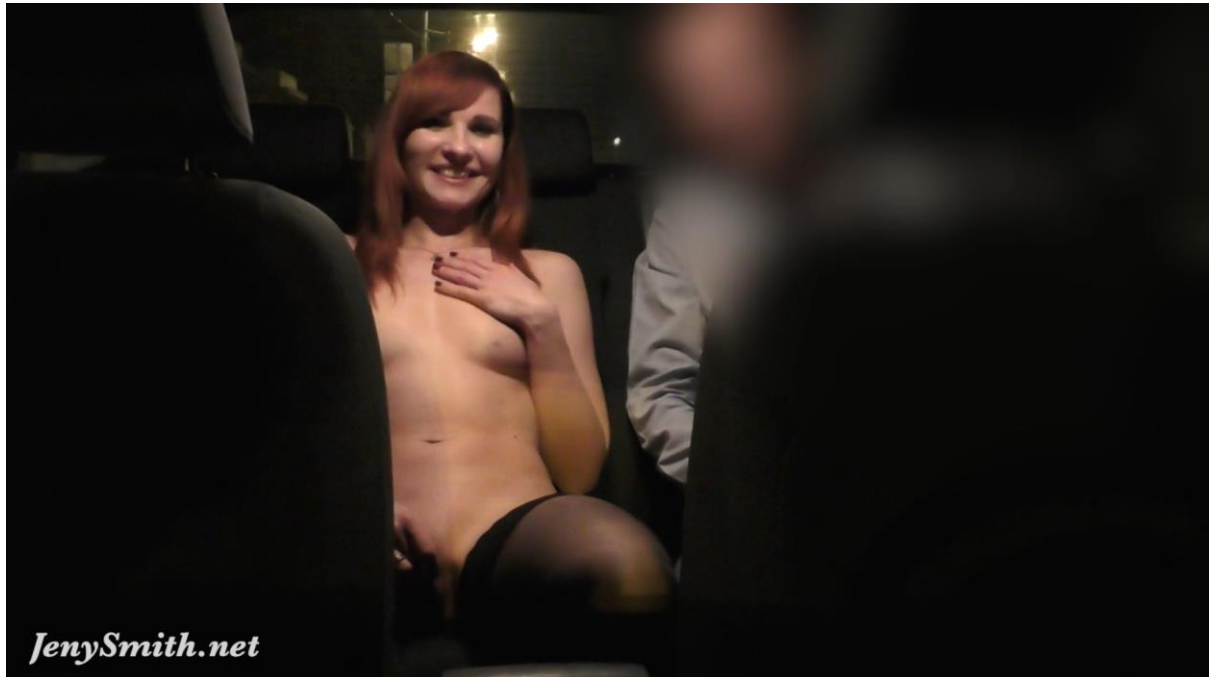

They talk for a short while, Jeny even starts masturbating again. Alex and her admit to the driver that they are having fun and it becomes clear the driver is happy for things to continue. Jeny then asks him a question which I feel sure he's never been asked before and is unlikely ever to be asked again. She asks "Don't you mind if I finger myself on your back seat right now?". We can guess what is answer is. He agrees of course. In fact he also says she can do whatever she wants as long as she keeps within the law and doesn't drink alcohol! Jeny responds by saying she doesn't drink or smoke but she does pleasure herself by using her fingers. I think that's always good to know!

Jeny asks about and then takes off her skirt saying she wants to get naked. We see the driver now taking a far keener interest in checking in his rear view mirror! He then suggests he should stop the car and switch off the taxi app. Jeny jumps at that and she then drops the second bombshell statement of the night on the driver. She tells him he can join her on the back seat if he wanted to watch her!

Jeny continues to masturbate as for the next few seconds we see the vehicle moving as the driver tries to find somewhere suitable to park. Jeny admits she wants to do this whilst hidden but she doesn't mind being watched.

So the vehicle has stopped and we see a figure, with his face obscured, sat on the rear seat right next to Jeny. Jeny offers to walk naked outside but the driver must have declined that offer. I can only guess he didn't want to lose a single second of being sat so close to Jeny's naked beauty.

The driver switches the rear passenger light on so we can now see Jeny in normal colour again. She cannot stop smiling as she masturbates and fondles her own breasts with the stranger sat right next to her.

For a few seconds Alex takes the video camera outside to shoot through the rear nearside passenger window and also through the front windscreen. We see Jeny naked, masturbating sat on the back seat next to the driver.

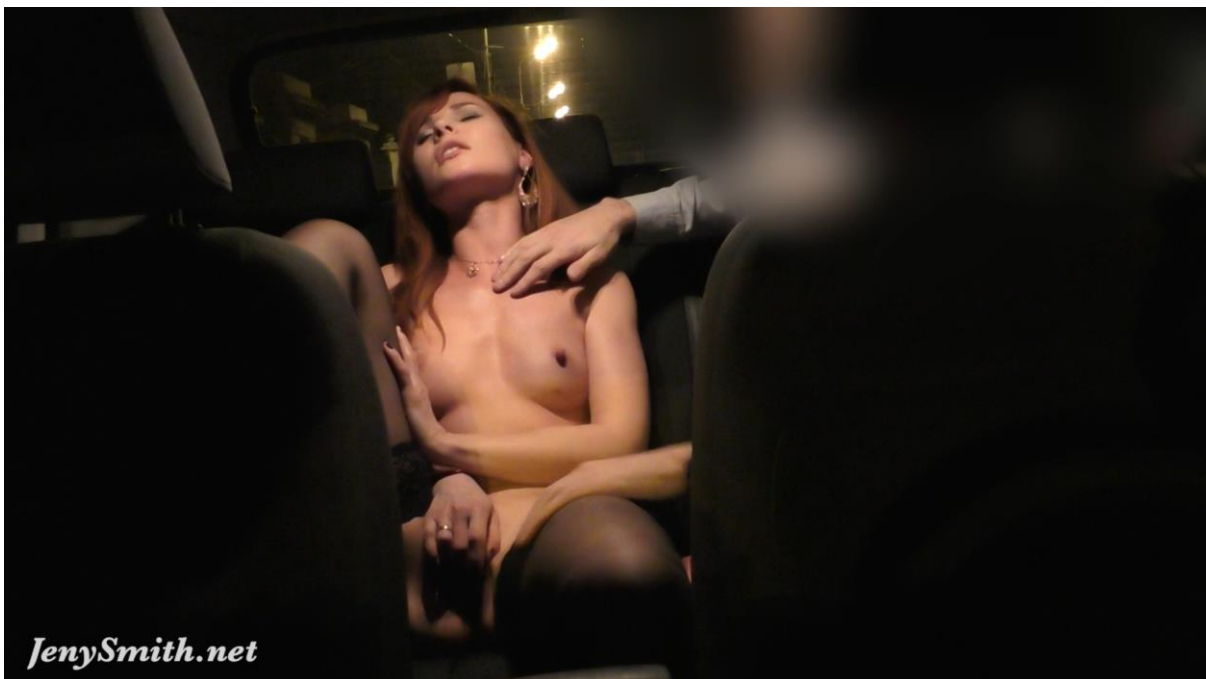

Switching inside again, Jeny is now at the stage where she has inserted her fingers into her pussy. She agrees the driver can touch her but not on her sensitive areas. So, the driver seizes the chance and

can be seen gently rubbing Jeny's leg. She raises her right knee onto the back of the seat in front, giving her better access to her pussy. All the while she is talking quite naturally with the driver and laughing loudly. The driver's hand works along Jeny's inner thigh.

The driver adjusts his position. He can now use both his hands. One trails along Jeny's lower tummy. Jeny's eyes are closed and she is biting one of her fingers. She must be getting close to a climax. She smiles as she is enjoying the touches. Her fingers work faster. Her head tilts back. Her mouth opens. The driver chooses just the right moment to stroke Jeny's inner thigh with one hand, as with the other he also strokes her upper chest, then her neck and ears. We see and hear as she orgasms powerfully.

A few seconds after her climax, they are seen laughing and joking. Both of Jeny's legs are raised, and one is draped over the driver's leg.

It all seems so relaxed and normal! But all the while a stream of vehicle headlights can be seen driving past the taxi. Jeny has been so daring doing this on such a busy road. I can only hope the driver waived the normal taxi fare.

This video is 21.02 minutes in length. It is one of my all time favourites as it was the first one I saw where Jeny had an orgasm with a helping hand from a “victim”.
