Jeny is late for work! In fact, she's so late she's not had time to dress apart from a yellow belt and yellow heels! Her boss is already helping a customer but is happy that Jeny has arrived ready for work!

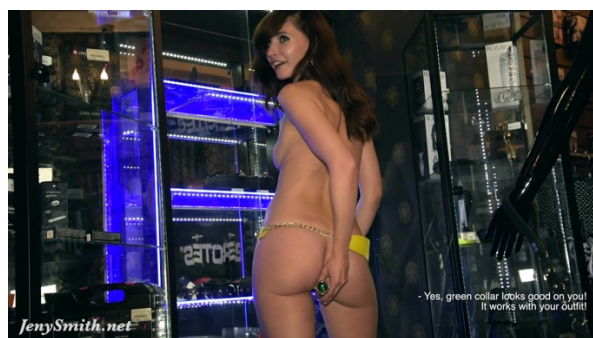

But Jeny wants some advice on what she can buy Alex as a gift from her, all the time this is happening neither man can take their eyes off her (well would you?!) As we know, Jeny is proud of her body and keeps it in tip top condition. So they feast on her legs that seem to go on for ever, that sensational bottom looking pert and perfect, her hairless pussy which means her smooth lips are exposed by the lack of anything to obscure the view. Continuing up across her flat stomach and on to her beautiful breasts and tight nipples, further up is her Swan like neck, then finally her gorgeous face with lips that must be kissed (when she is not smiling, her pert nose and those wonderful eyes that are so deep that you would quite easily lose yourself in and all this beauty framed by her luscious hair that cascades down her back. (Sorry I got lost in my admiration of Jeny).

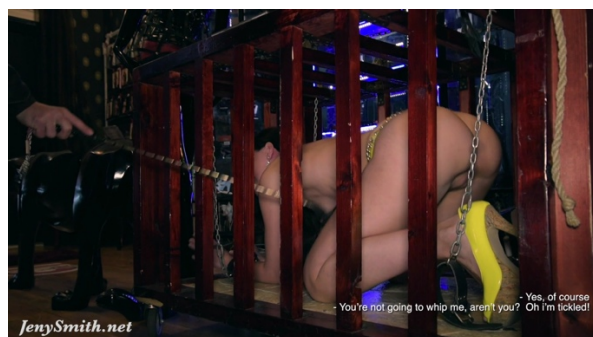

So where were we? Oh yes we're in the sex shop where Jeny is seeking the advice on those gifts I mentioned earlier. Various ideas are mentioned but the one that grabs Jeny's attention is the remote controlled toy that Alex can control by the use of an app on his phone! There are several other ideas including 'the butterfly' which can be worn as panties and has a control that can be used to increase the vibrations on Jeny's clitoris. "Can I try it?" Jeny asks "sorry, we're out of batteries", comes the reply! Has Jeny been using the toys in-between customers?we may never know!

Jeny is becoming more aroused as the 2 guys continue to discuss other toys which she may like! Jeny is so relaxed at being naked and her nipples are erect and her perfect pussy is completely smooth and hairless.

She decides to purchase the first toy that can be worn whilst having sex with it being both worn inside and outside where it will vibrate against her clitoris " anything that involves my clitoris is good " exclaims Jeny, especially when she discovers it has a remote control! She chastises herself for not knowing about such playthings! Deciding what to purchase, Jeny realises she has been neglecting the customer and decides that as she is naked, by looking at her, he will be inspired. And that's exactly what happens! He remembers seeing some nice ponytail butt plugs that he thinks both Jeny and his girlfriend will like. Meanwhile Jeny has mistakenly grabbed hold of a dusting brush, the manager pointing out that it's part of a role playing set for a French maid! Cue laughter as Jeny quickly puts back the 'duster cum butt plug!

The guy follows Jeny into the main room commenting on her gorgeous bare bottom, they head straight for the cabinet where lays an assortment of the plugs. What else, besides Jeny is beautiful. That's when the guys spot the cage. Jeny hadn't realised its purpose, thinking that it was a display unit, the guys persuade her to crawl in, where they promptly bolt her inside. Jeny is trapped now and her fate is in the hands of her manager and the customer!

Jeny is on her hands and knees in her prison and the cameraman quickly realises he can get some brilliant shots of her, firstly there is her fabulous ass and smooth bare pussy on show then he concentrates on her breasts as they hang from her chest, her nipples erect. Both guys have a crop which they stroke her body with "you're not going to whip me,are you?" saying it in a way that if they were to, she wouldn't complain!

But no, they make her pur and giggle as they 'attack' her body from different angles. Jeny turns over so that now she is face up and the men take full advantage of this position, the game becoming much more sexual in tone with a combination of crops and hands fondling her fabulous tits and Jeny thrusts her bare pussy up to meet the crop as it's rubbed against her lips, the level of pleasure increases until Jeny calls a halt to the fun and games, realising that things may reach the point of no return.

Both guys respect Jeny decision and immediately unlock the cage and release her. Rest assured, Jeny loves the cage and tells her customer that he should buy a whip for his girlfriend.

All 3 of them return to the till where Jeny buys several toys that my imagination tells me she will try them out, the 3 people clearly excited at their games. The picture fades out and the video ends

I've just finished the 6th review, that leaves me with the 7th and missing episode to complete. I have to say, I loved number 6 in the series!
