This video is a glorious journey into the lifestyle of an exhibitionist. We get an insight of what excites Jeny and what makes her so appealing to us, her loyal band of fans

I'll take you back to before the video begins. Why you may ask yourself? Because imagine being Jeny waking up. She has been dreaming of erotic scenarios and when she awakens the first thing she does is to look at the weather forecast for the day. It will be overcast for most of the day, cool but not cold enough to stop Jeny formulating a plan. She will have gone to the wardrobe and seeing a bright woollen dress, she decides what to match it with. Black lace topped stockings will look good with her black leather jacket and to finish the ensemble a pair of high heeled black suede boots.

Jeny does her make up and hair (which is a stunning red colour) and makes her way out with a tingling sensation making the hair on the back of her neck stand up. She has a rough idea of what the day holds for her. This is the mind of an exhibitionist at work!

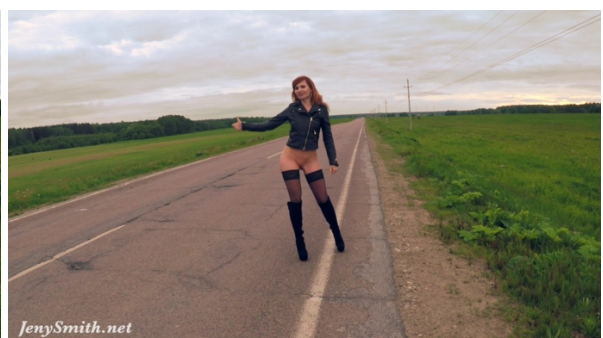

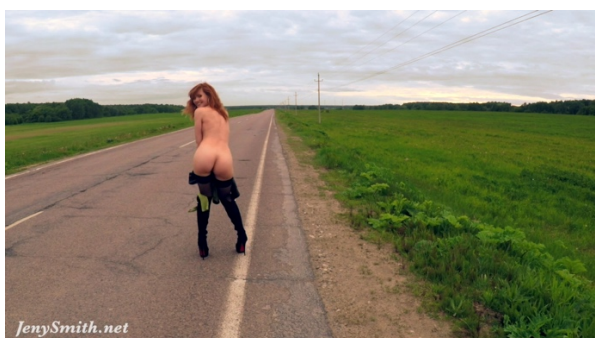

We get our first glimpse of Jeny as she films herself walking in the city, the 6 storey buildings with their many windows providing plenty of opportunity for office workers to spy down on this beautiful woman. She seems to be oblivious to the few pedestrians sharing the pavements with her as she walks along with the camera and selfie stick now swinging between her legs enabling us the perfect view of her pantieless pussy. Jeny, briefly pulls the front of her dress up and flashes her pussy before stopping in a doorway and lifting her dress again and this time it's her beautiful bottom that gets a wonderful airing!

Jeny is constantly smiling and clearly enjoying flashing, at one point she looks up sure that she's been spotted from a window across the street! Then setting the camera up, Jeny, again raises her dress up this time in an archway and swaying her hips, butt cheeks gently wobbling from side to side. Glorious! Then she notices the first drops of rain. Is this the end of Jeny's adventure?

Of course not! It just means a change of scenery. Jeny is now driving out in the countryside with dress pulled up and pussy on show. She's found a spot on the road where she pull over and see approaching traffic from a distance. Now out of her car and with her jacket off, she removes her dress to leave her wearing just boots and stockings; her beautiful body completely naked and her nipples erect (not because of the cool breeze but because she is aroused!) After a series of nearly getting caught by other drivers, Jeny is behind the wheel of the car but this time she is naked! Sorry I forgot to mention that throughout the time she is parked she's constantly fondling her breasts and/or pussy and, playfully spanking herself!

Back to the car and and naked driving (at one stage she utters the immortal line 'this is crazy')

Then she parks at a bus stop and with only her jacket as cover Jeny struts her stuff between dodging on coming traffic. I certainly think we get to witness all the various forms of exhibitionist behaviour from Jeny with the mix of daring 'I want to be caught' to 'I hope I'm not caught' to 'what if I'm caught!' ...fascinating!

Jeny continues to explore all facets of her fetish and long may it continue. For now its goodbye from our Queen of tease and from her humble reviewer pukka pukka!
