The whole video is, indeed, a self made film with Jeny as director, producer and narrator and, of course, star in this magnificent dive into the lifestyle of an exhibitionist and how the excitement builds for not just us, the audience, but for Jeny herself.

Beginning with Jeny in a pink short coat with high heeled shoes and literally nothing else (it's incredibly arousing to imagine Jeny at home deciding to wear only the coat!) She sets up her camera on the ground which involves crouching down to give us our first glimpse of her naked pussy, standing back she is able to open her coat with her hands in her pockets

Jeny is loving showing us her pussy but it wouldn't be Jeny if she didn't show us her fabulous butt cheeks in all their beauty and so she walks around with her ass on show. After one last twirl, we are off to our next location where Jeny has placed the camera at the bottom of a flight of stairs and gives us the perfect up skirt (or in our case, up coat) view of Jeny's bare butt and pussy. There isn't enough chance of being caught, so we move inside what looks like a craft shop where we watch as Jeny poses for us.

The location is now in a wooded area of a large public park. With the improving weather Jeny feels excited enough to open her coat fully to allow the sun to caress her sensational figure. Spotting a lilac bush, Jeny smells its scented flowers whilst a lower branch tickles her pussy. She is growing in confidence and walks further in to the park, her coat open, her beautiful body bathed in warm sunshine.

Finding herself almost alone in the wide open spaces of the park, her coat still open, Jeny spys a couple having sex on a bench! This only encourages Jeny to be even more daring as she takes her coat off, her excitement mounting about her nakedness in such an open environment. Meanwhile the couple who were having sex have now finished and see to their surprise a naked Jeny in all her glory spinning around her nipples erect, her pussy almost bare apart from a tiny landing strip leaving her lips smooth and hairless.

We now see why Jeny is known as Queen of tease and she is clearly in her element here. With the sun warming her fabulous body she is determined to be seen. The couple who were having sex have now gone, leaving Jeny unfulfilled. Moving a short distance, Jeny spots another target, a young guy who is sitting on a bench about 100 metres away from our Jeny. She wastes no time in stripping naked, this time she leaves her coat on the back of the bench and with that she has nothing to cover her nudity.

Jeny is walking around completely naked in the park and as if to give a sense of normality to the scene she picks up her bag and continues to stroll around but to her dismay the guy seems more interested in polishing his boots!

Then it happens!! As Jeny is relocating the camera and whist still naked, she's caught by a jogger!! Jeny quickly puts her coat on as the man stops running and just has to return to Jeny and find out why she is naked!

She explains that being naked in public and especially if caught is a major turn on, Jeny persuades the jogger to film her as proof that she had been spotted by a stranger. It takes her no time to take her coat off and gives the lucky guy a memory to last a lifetime.

The final scene sees Jeny walking through the wooded area with her beautiful body on show when caught again! It has been a very successful adventure with Jeny being caught twice and the added bonus of the couple having sex.
