I’ve decided to do reviews of some of Jeny’s earlier videos for those of you that might not have explored the older catalogue yet.

My first visit to earlier videos is Jeny at a motorbike exhibition where she interviews various people whilst wearing a black dress as short as only Jeny knows how to wear and with a pair of black knee high boots and pantyhose (is Jeny wearing panties? We find out soon enough!) and a cap with a silver badge!

Her first interviewee (or should that be victim!) is a Moscow police motorcyclist who Jeny flirts with outrageously and it’s our first clue as to whether she is or isn’t wearing panties (well we get our first clue as Jeny mounts the electric motorbike that the officer is proud of).

Jeny is at her teasing best as she sits astride the bike and people quickly get their phones out to catch

a glimpse of heaven.

We then catch her chatting to a guy who is showing off a piece of equipment designed to help bike riders to maintain their balance (well I think that was what it was for, I was too busy watching Jeny trying to maintain balance whilst wearing very high heels!).

Which is when a couple sitting down next to Jeny notice that she is only wearing tights and the wife makes no secret of filming right up Jeny’s ultra short dress and actually encourages other bystanders to do the same! Luckily Alex is videoing from the very same angle. Jeny is in 'innocent' mode

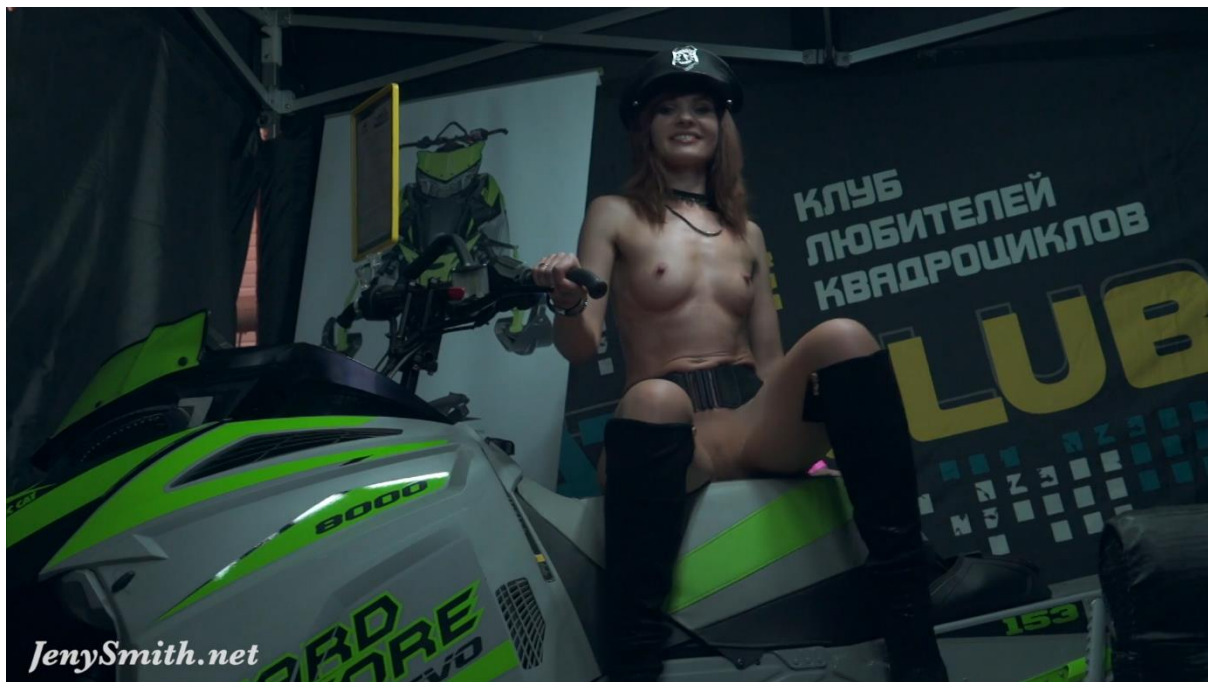

surprised that anyone can see anything whilst giving the most outrageous of cheeky smiles to the camera.

The interviews are humorous as enthusiastic salesmen try their utmost to impress Jeny whilst clearly bewitched by this sexy lady.

Next up is an older man who is taken by surprise by her request to do a nude shoot with his equipment and says 'of course' not realising that Jeny meant here and now! Screens are hastily erected around the stand, surely not the only erections that day.

Jeny strips down to just her boots, seamless pantyhose, belt and cap.

We get to see all of Jeny's body in all its glory as she lays back, legs spread wide revealing her pussy with the smallest of landing strips. Jeny is at her teasing best when wearing next to nothing in front of an audience or cameras and I for one can't get enough of her!

Later Jeny meets the Russian 'Lemmy' (of Motorhead fame) and a very serious doctor whilst guys try to take pictures of Jeny upskirt and she plays her part magnificently!!
