Before reading this review I suggest you first read 'My story' which is on page 3 of Jeny's blog on her website in which she tells of her fascination with corridors and adds another dimension to this adventure!

The video begins with Jeny explaining why she is where she is (she's come to a warehouse to pick up an order) and what she hopes to do whilst there! Jeny's wearing a cream coloured faux fur coat over

a blue denim top with a black skirt over black hold up stockings and black ankle boots and, of course, no panties!

Firstly, Jeny needs to find a safe place to leave her coat and bag and having found a spot, she leads us into the maze of corridors with noisy pipes overhead. She clearly is in a very daring and exciting

frame of mind and this when we see Jeny isn't wearing panties as she tucks her short skirt in the waistband of that garment and started to explore the corridors with her fabulous pussy on show. And on show is what her pussy is with the merest of landing strips and hairless pussy lips.

Jeny wastes no time in lifting the skirt at the back so that her beautiful butt is exposed in all its nakedness! Is this daring enough for our Jeny? Well to answer that we get a look into how her mind works as she hides as someone passes by without noticing her. Jeny is determined to go further and slips her skirt off and not satisfied with just removing it is not enough. Folding it neatly she hangs her skirt on a nearby door handle and calmly waves it goodbye!

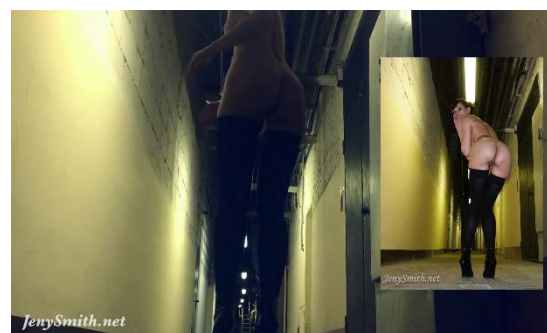

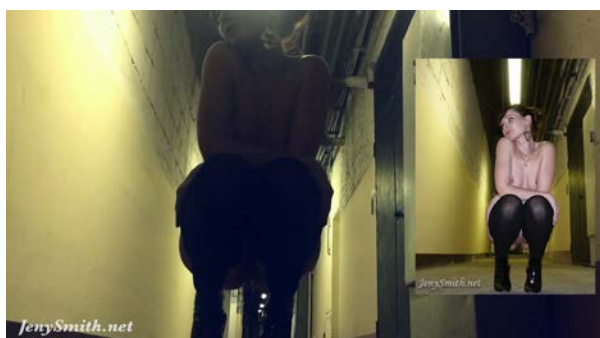

Now the fun really begins . . .

Jeny continues to explore the various corridors, climbing some dark stairs, finding herself at a dead end she returns to the tunnel where the trolley is. Jeny sets down her camera on it and steps back and proceeds to unbutton her top and slips it off her shoulders leaving her just wearing stockings, boots and the most beautiful earrings! Now naked, her fabulous breasts with their gorgeously erect nipples look sensational!

Jeny does a series of twirls in the long corridor so that not an inch of her gorgeous frame escapes our attention. She then sets the camera down and using her phone to operate the camera whilst she poses provocatively, the flash going off to illuminate her gorgeousness. (The clever thing is that as each flash goes off the resultant photos are shown on the screen alongside Jeny!).

As Jeny is still strutting around naked, a door opens! Quickly Jeny hides behind a cabinet as the guy fiddles about with a set of keys (you can clearly see Jeny's chest beating rapidly). The guy finally finishes locking the door oblivious to the naked woman a matter of feet away. He turns away and walks along the tunnel never knowing what he has just missed!

Instead of going back for her clothes Jeny steps out from behind the junction box, wiggling her hips and beautiful butt cheeks. Now that the guy has gone Jeny ambles along emboldened now by the freedom of being naked (only a true exhibitionist could explain the thrill that excites them so much). Having walked the length of the corridor she suddenly hears voices approaching and runs back to where she left her clothes. In between catching her breath she roars with laughter at how close she came to being caught!

Back in the car, Jeny tells us that she is still excited and she will look forward to meeting us again in more tunnels and corridors and if you want to see if Jeny does keep her word, simply join us at [jenysmith.net](http://jenysmith.net) where you will find out why Jeny is known as Queen of tease. With hundreds of hours of videos plus thousands of photos you'll never be bored!!
