

Review for video “Please look at me”

Today Jeny decided to do everything to catch voyeurs, hence the title of the video. We follow her through the aisles of a shopping center. Her outfit is simple but elegant as always. She is wearing a light dark sweater and an equally dark skirt, neither short nor long, just above the knee. Her pretty black polished ankle boots click on the polished floor of the store. Tights or perhaps stockings complete the outfit of the day.

It is with a big smile that she enters a shoe merchant. She chooses a pair of pumps from the aisle and sits on a small red chair in front of a large mirror. She takes out her phone to take a selfie. From the mirror we have confirmation that she is wearing stockings and of course no panties because we can see her little pussy.

A young salesman approaches. She tries on a first pair of shoes, takes a few steps then sits down again. Her tight skirt often rides up, sometimes revealing the tops of her stockings. But did the seller notice anything? Jeny continues to try on the new shoes the guy just brought her. Her skirt rides up more and more with each fitting and we can now clearly see the bare skin above the stockings. “Please Look At Me.”

She finished her shopping and goes back to the shopping center. She quickly notices a small rest area and a young man sitting on a small sofa. Without hesitation she sits on the sofa right in front of him.

They are very close to each other. A simple coffee table separates them. Of course he noticed this pretty young woman but he remains discreet and does what is necessary not to look at her despite the fact that her skirt is a little hiked up and her legs are a little apart. But nothing too exciting yet, he must say.

Jeny retrieves her phone from her bag, sometimes opens her legs a little more, discreetly glances at her neighbor, thinking, "Please Look At Me." She strokes her hair, touches her nose, looks at him a little more often, smiling, then finally pulls up her skirt again, revealing the edge of her stockings. The guy looks embarrassed for a moment. He looks under the skirt shyly and probably asks himself questions. It's certain, the excitement has just gone up a notch.

Finally their eyes meet and the young man's position has changed. He now has his chest forward and is openly looking at Jeny, her skirt open and her landing part very clearly visible. Now it's Jeny who gets shy but her "Please Look At Me" is the biggest one. She then offers him an exceptional view of her pussy. She smiled honestly at him and the game starts well.

Unable to take it any longer, the young man gets out on the phone. To immortalize the moment? Maybe. But he wants more. He gets up and comes to sit next to this little naughty girl. After exchanging a few small talk but above all offering a few compliments on everything he saw, he asks her to go out together for a moment. Jeny politely refuses but thanks him and everyone goes their separate ways.

Jeny is very determined and wants more "Please Look At Me". So here she is again in another shoe store. It doesn't take long for a young salesman to approach. Here he is now with many shoe boxes. Very quickly he notices that the skirt was rising higher and higher with each fitting. He decides to stand in front of his client and even help her put on her shoes.

He also does not hesitate to get down on his knees to try to get a better look at what is happening along her long legs. Very quickly he notices Jeny's stockings as she continues her "Please Look At Me" game. And Jeny is a true exhibition professional. She crosses her legs higher and higher, spreads her thighs more and more often and the guy now clearly discovers his client's stockings.

He then insists on making her try on more and more shoes but Jeny got what she wanted. The guy being friendly, she accepts one last try on shoes and offers him an exceptional view of her treasure. The seller understood and did not hesitate to enjoy it for as long as possible.

The day ends like this. Mission accomplished, she said to herself, I'm sure of it.
