Before I continue with my review of part 2 of the Pride Parade I should point you in the direction of Jeny's video 'how it was "Pride Parade"' in which she gives us some insights into what she saw/felt about the march and what inspired her to dress the way she did!

So part 2 begins as part 1 ended however Jeny has removed the fragment of material that was covering her pussy! So her outfit comprises of fishnet pantyhose, a belt and a tiny top leaving her almost naked! Jeny poses for photos in a large square (she must have been the most photographed person that day!!)

I love it when Jeny is shaven completely but this time with her tiny landing strip acting as an arrow drawing your eyes to her hairless pussy lips, I can literally see the appeal! Again Jeny strolls past the crowds that fill the streets, her ears full of the sounds of people cheering and clapping her. And again she happily poses with and for selfies (I can only imagine how she is feeling, akin to an out of body experience! and what a body!!)

Jeny rejoins the parade, dancing amongst the crowds and one can see why Jeny feels the draw of exhibitionism, being the centre of attraction and attention ...she is so patient as well as people push their way through the throngs for an opportunity of a picture with such a beautiful person. What I find so wonderful about the parade is the behaviour of the people there, no one gropes her, her 'personal space' never invaded. The one word that I think sums up the whole event is RESPECT! Jeny dances and makes sure that her beautiful breasts with her erect nipples are visible. The tables are turned when Jeny spots a dominatrix dancing in the street, she just has to be filmed with the mistress who, like Jeny is dressed to impress (although she's not as uninhibited as Jeny).

Continuing on her way, she comes across the fetish couple of 2 dogs one of whom is wearing a collar and lead ( I'm sure that every conceivable fetish is catered for here!

Certainly our Queen of tease and exhibitionism is fulfilling her destiny. Jeny has now left the parade and walks alone in the quiet backstreets always ready to pose for anyone who cares to asks.

She turns a corner to find a number of pop up eateries and a live band which for Jeny is an excuse for more dancing, shake that bootie,girl! Jeny is now posing against a huge brick wall, her perfect pussy very visible now . By now it's early evening and Jeny makes her way to the main bridge over the Rhine and one final session, she poses in the sunlight.

In a last piece to camera, Jeny talks about the day with her last comment being the fact is you won't be judged!

Bravo, Jeny, a beacon of light in a world that is increasingly dark!

Poka poka (and who knows, next year I might go and join her!)
