This is another one of my all-time favourite videos, featuring Jeny in a wonderful dress (more of in a moment!)

We first see Jeny on board a train bound for Dusseldorf having left Cologne and for once, Jeny is complaining about the service (this is Germany, a country that prides itself on its efficiency!), she is frustrated by how complex it was in finding her way, she says that she thought the New York subway was difficult but discovering it was easy in comparison!

Whilst she tells us that finally she is on the right train, our eyes are drawn to the dress Jeny is wearing. Surely that's not a fabulous breast we can see?! But our eyes don't deceive us! The dress is sheer and is black with red roses and seems to consist of an underskirt which is so short, her bare buttocks are visible. She finishes her story before telling us she will catch up with us in Dusseldorf.

Standing in a very busy train station, we watch Jeny filming herself oblivious to the people around her. Her fabulous breasts clearly visible, one nipple hidden by the rose pattern but not the other nipple! Then we are off to explore Dusseldorf.

Naturally we find Jeny in Konigsallee (King's Alley) renowned for its expensive shops she being a priceless gem amongst such riches. But we aren't there for shopping, Jeny walks beside the canal and she is soon attracting attention, her underskirt has ridden up revealing her beautiful butt cheeks, this being Europe, the banter between her and the locals is humorous and friendly.

Jeny then tells us that she has been spotted by 3 men who were about to leave but on seeing her, sat back on the bench (surprise surprise!) And how does Jeny react? By pulling her underskirt higher so that now her perfect pussy is now hidden by only the thinnest of material and when she stands in the sunlight, it appears to be naked with only the smallest of landing strips and her hairless lips visible! Jeny lifts the hem of her dress so that her pussy is visible (as I've said before, this is a classic element of exhibitionist behaviour in which the danger of being caught whilst flashing is very much apart of the fetish). After another round of flashing her audience, Jeny moves on.

We are given a brief description of the area including a question about the 4 muse statues (I've done the hard work for you and the 4 muses are of art, music, sculpture and architecture)and there is a sculpture of the composer Felix Mendelssohn, our very talented Jeny confides in us that she had played one of his compositions when she was a child. Is there no end to the talent of this woman! I can't believe that I've forgotten to mention Jeny's shoes, an orange pair of high heels that make her legs look even longer.

Having shown us the older parts of Dusseldorf we follow Jeny to the bars and see how modern Germans spend their free time (much the same as other nations do ie watching sports and drinking!)

So where do we find Jeny? Of course, Jeny is being helped up on to a table so she can dance for her new friends. Is she worried that they might catch sight of her naked pussy? Of course not!!! After all she's not known as the Queen of tease for no good reason! Jeny is so relaxed and we know she'd happily remove her dress if she could.

Jeny continues her stroll occasionally joining various groups of football fans at the bars and watering holes much to the delight of the guys!

Jeny becomes aware of a 'stalker' who is hiding behind the pillars on the same floor as she is on, so how does Jeny react? Simply by pulling her underskirt up and by flashing her pussy and bare butt!

Then as the sun starts to set over the river Rhine we discover Jeny enjoying the warmth of the last rays. It's the last of the underskirt as well as Jeny pulls it down and folding it up it disappears into her handbag, leaving Jeny in just her sheer dress, the thin material leaving nothing to the imagination!

Jeny looks stunning (as always!) as she strolls about in her sheer dress occasionally lifting the hem up even when others are passing by. Finally as day turns to night, Jeny says her goodbyes and with one last look at her gorgeous bare bottom she disappears into the warm night.

Poka poka until we meet again with my next review
