

Review for video “Speed boat”

Galaxy is the name of the boat that Jeny and Alex have taken for an excursion at sea. This particular yacht has a large porthole on the flat bottom of the hull, so it's easy to see the seabed. Jeny is wearing her orange halter dress, under which we can make out her low-cut one-piece swimming costume. Her dress is so short that as soon as she leans forward, her buttocks are clearly visible.

The speed of the boat, the wind and the swell make Jeny want to dance and sway.

The captain takes the passengers, two couples and the four girls plus Jeny and Alex, to the caves, including the Eye of the Cyclops in the blue lagoon, and then to the cliffs almost 10 m high from which boys and girls dive.

The atmosphere on board is pleasant. They set off now for a swimming spot. The weather is beautiful and the water is 30 degrees. Jeny is now in her swimming costume and everyone can enjoy her magnificent arse and her cameltoe.

Jeny climbs down the ladder at the back of the boat into the water.

Jeny wasn't supposed to flash, but she unzips her crotch to free her pussy and then asks the other passengers if they don't mind her swimming naked. And here's our Jeny in her Eve outfit in the waters of the Black Sea.

And it was the girls on the boat who took the most photos of Jeny, much to her delight.

Instead of seeing sharks, Jeny watches the divers.

The cruise comes to an end and Jeny feels like she's sprouting wings like on the Titanic, but everything's fine here.

Jeny twerks before saying goodbye and advertising the Galaxy yacht.
