

Review for “Little Gift for him!”

(A slightly misleading title as its going to be bought by men for their partners to wear for their men!)

Tags: **Mymokondo**; Published: **December 20st, 2018**

Running time: **15:53 minutes**

This is basically an advert for the company that designs and makes these very sexy lingerie but that shouldn't stop you loving them and if you end up purchasing anything from them I can tell you that the reception will be entertaining!

Beginning with a stage setting of a large room with Christmas decorations and a tree adorned with lights, we see Jeny in her first set of Mymokondo underwear, a sizzling black ensemble. She is joined in the room by a guest who's role will be disclosed as the evening progresses.

The black outfit is enhanced by Jeny's knee high black boots and a sheer wrap in matching black with a bra top and (surprisingly for Jeny) a pair of high waisted panties (whose name I forget, help me out, Andre!)

She explains that the company have gifted her several sets to try on and do a review of them. But being Jeny, there's a twist here because Jeny has placed an invitation on her Instagram for her followers to come and be apart of the group who will have a say in the reviews!

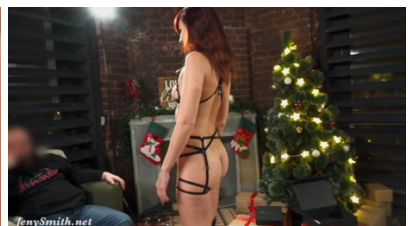

Expecting a large response, Jeny has a big room but only one guy has made the effort to attend (presumably the fact that the invites were posted on the day of the show meant only Moscovites would be able to join Jeny kept the numbers down!) Still the show must go on...

.....and so Jeny bends down to pick up the first of the outfits she will try on. I must say that the gift is superbly presented in a matt black box with the company name embossed in silver on top! Any woman receiving such a gift would expect the set inside to be of equal quality and she won't be disappointed with what she finds, a bewildering array of red and black material of various sizes. Holding up the garment and leaving us in no doubt that when worn it will reveal more than it conceals.

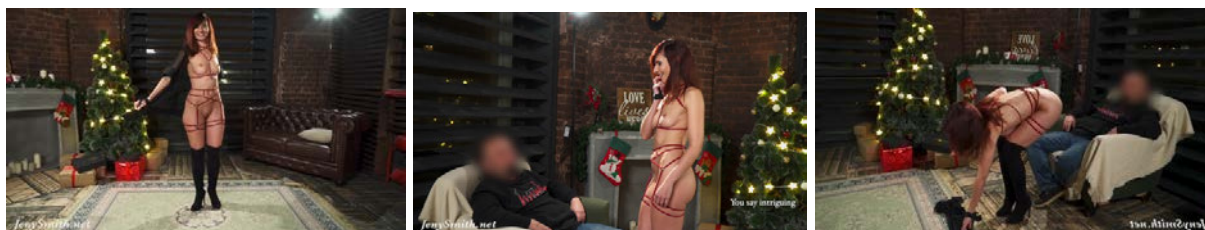

Jeny stands in the centre of the room and needs help with the catches at the back and what a joy it is to see a guy confidently adding the finishing touches. The design of this vision of loveliness is superb with Jeny's breasts, bellybutton, pussy (smooth and hairless!) and butt cheeks all framed so as not to distract from the beauty of each area of her body but to enhance them.

The role of the guy is not simply to help with the fitting of each piece, he is asked to supply 3 words to describe the qualities of each outfit. Cheeky, passion and dominant are his chosen adjectives. Jeny repeats the 3 words whilst placing one of her booted legs high up on the armrest and grabbing a handful of jumper, pulls his head inches from her pussy lips!

The 3rd outfit, all in black manages to cover even less of Jeny's amazing body. Her nipples are now tight buds as she struts her stuff around the room, making sure she is always in the guy's line of sight. His choice of adjectives this time are strict, elegant and sexual costume?

The next costume is a bright red series of straps that is even smaller than the preceding one but it's very nature draws the eyes to Jeny's erogenous zones. The guy is asked again for 3 words to sum up, intriguing, piquant and playful! I'm not sure that I would have come up with better (in fact I would have lost the power to communicate even with sign language!) The thing that makes these costumes so erotic for me is that Jeny makes them fit so perfectly and her body is a wonderful foil for them. (and, no I don't have shares in mymokondo!!)

Next up is a white ensemble. This time worn with a full length translucent gown that reveals more than it conceals. The whole range highlights the importance of primary colours be it black, red and or white as they draw one's eyes to Jeny's fabulous features. This video is amongst my favourites as Jeny just oozes sex from every pore on her perfect body.

As Jeny nears the finish of this video, she asks us what our favourite is (her resident 'expert' choice is classic black) so what would you choose? And what setting would you have her model them? You may find it helpful to use Jeny Smith's Treasure Maps (shortly to be released!) that will become essential reading when searching for all things Jeny

In the meantime please enjoy this video (and there is plenty to enjoy, especially if like me you love the pubes free look!)
