Night is just beginning to fall and Jeny has decided to go for a walk in a place frequented by many walkers. In the distance we hear music and some go there and others come back. There is a lot of traffic. And that’s exactly what Jeny is looking for. She is not there as a tourist and it is not the music that interests her this evening but all the people around who will pass her and perhaps look at her. No one can miss it. She wears a fitted leather dress with short sleeves and cream color. A zipper on the front allows her to open her dress from both the top and the bottom. Of course she's not wearing any panties and it shows because the bottom zipper is pulled up so that her pussy is clearly visible.

The alley in which it is located is wide and lit by a few street lamps. It is lined with trees on one side and there are benches on the other side. Jeny naturally consults her phone. Her legs are slightly open to expose her pussy to people passing by. Quickly, a first guy will catch him.

People walk past her. Do they notice anything? Maybe. It was then that she decide to place her foot on the edge of the aisle, which had the effect of spreading the sides of her dress a little further and then pulling the zipper up again, almost to her waist. Two girls pass her and point out the opening of her dress, laughing. Jeny pulls the zipper down for a moment before being caught again. Discreetly she begins to expose her pussy again only to be caught again by a guy who had made several visits before approaching to talk to her.

Now Jeny decided to go to the alley by the river. There are also a lot of people walking around. But this time she walks back and forth, which has the effect of opening her dress even more to the rhythm of her steps.

She now decides that it is time to go home and it is through the footbridge and in full light that she return home.
