My latest review is of Jeny on a modelling assignment where our favourite girl is about to teach us the old adage that those who work hard, play hard!

Just some background information about Second Skin ru. They are run by a couple, Audrey Simon and Marusya and they produce all of the clothing and accessories you will see Jeny modelling. Audrey has over 30 years experience in working with leather and Marusya is his muse and photographer. Although the range of goods they produce is vast, they specialise in BDSM wear as will become apparent in the video!

We enter the studio to be greeted by a naked Jeny who is filming selfies whilst the photographer sets the lighting etc for the upcoming shoot. As I have already mentioned, Jeny is completely naked but for some platform shoes that match the outfits she will wear perfectly. And perfect is the adjective to use when describing Jeny and her fabulous body! She is perfection personified as she stands statuesque like whilst the studio busily revolves around her, Jeny not self conscious but naturally at ease.

With a wave to the camera and the shoot begins!

Jeny is seated in what I would describe as a leather bondage chair with numerous straps that will shortly be put to use. Looking demure in the nude and occasionally letting a mischievous smile cross her lips she awaits her fate. But while she waits she spreads her legs as wide as is possible in the chair allowing us unobstructed views of her smudge of a landing strip and beneath it, her fabulous pussy (we later find out that a young studio hand had been drifted in to help with the lighting and, Jeny knowing he was shy, had taken the chance to tease him! A day he'll never forget!) Jeny can't resist playing with herself even spreading her butterfly!

Then comes the time for Jeny to be strapped in to the chair by none other than the designer of the chair and all the accessories, Audrey Simon. Jeny watches with a mock look of misery on her face before smiling infectiously. She is a willing victim as she is fully strapped to the chair and we see how clever Jeny has been in her choice of footwear which mirrors the colour and detail of the bondage chair.

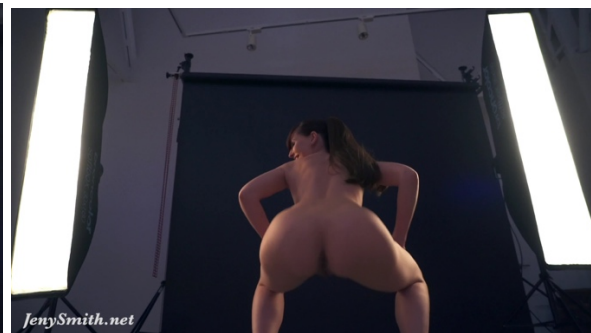

Then a change of position (for those who have anal fantasies about Jeny, you will adore the way her awesome ass is displayed!) Then too quickly she is released. But don't be dismayed because she is now strapped in the chair, beautiful butt up in the air, next pose which looks incredibly uncomfortable has Jeny bent double with her head through the hole at the back of the seat. Alex takes advantage of her pose to allow us a view of her pussy from behind! Then next to take advantage is Audrey and using one of his handcrafted whips, gently strokes her bare cheeks and playfully spans Jeny (anyone familiar with Jeny's fetishes will know that she would be in favour of this section of the shoot) Next scene is of Jeny tied in various positions, each one more complex than the previous one.

The next scene has Jeny wearing what appears to be a chastity belt with a series of holes cut down the middle, which, of course, Jeny finds a way to play with her pussy through! She also wears cowgirl chaps which act as a frame for her pussy later when the belt is removed

Then there's a change in roles with Jeny changing from a submissive to a dominatrix with her foot on a masked slave (unfortunately it's only a dummy!) then in the next scene Jeny is thrusting her pussy at the dummy's head, her inner labia now engorged revealing that it's not just role-playing for Jeny!

Jeny is the ultimate professional when it comes to modelling but retains her sense of humour throughout, she laughs and giggles and her eyes .....well her eyes are possibly her finest features.

The next scene has Jeny being photographed in front of a black background, naked and beautifully lit. She is seen discussing the photos and then she is back before the lens and Jeny can't resist playing with her fabulous nipples before turning around and dancing. With her bottom jiggling and some classic up shoots of her gorgeous pussy.

As the shoot progresses she poses provocatively in a leather mask whilst slapping her pussy (more for her benefit than ours!) and then with custom made whips before blowing us a kiss and she walks away, her job done for the day....  
.....or is it!

Do you remember me telling you about the young studio hand? Well in a sequence titled 'unused tapes' we are treated to watching the Queen of tease at her most teasingly beautiful, enjoying being naked amongst clothed people. I'll leave you to enjoy these final scenes

Until the next time, enjoy yourselves, Heather xxx
