

Review for video “A Present For Husband”

Tags: Husband, Present; Published: September 04th, 2019

Running time: 39 mins 13 sec

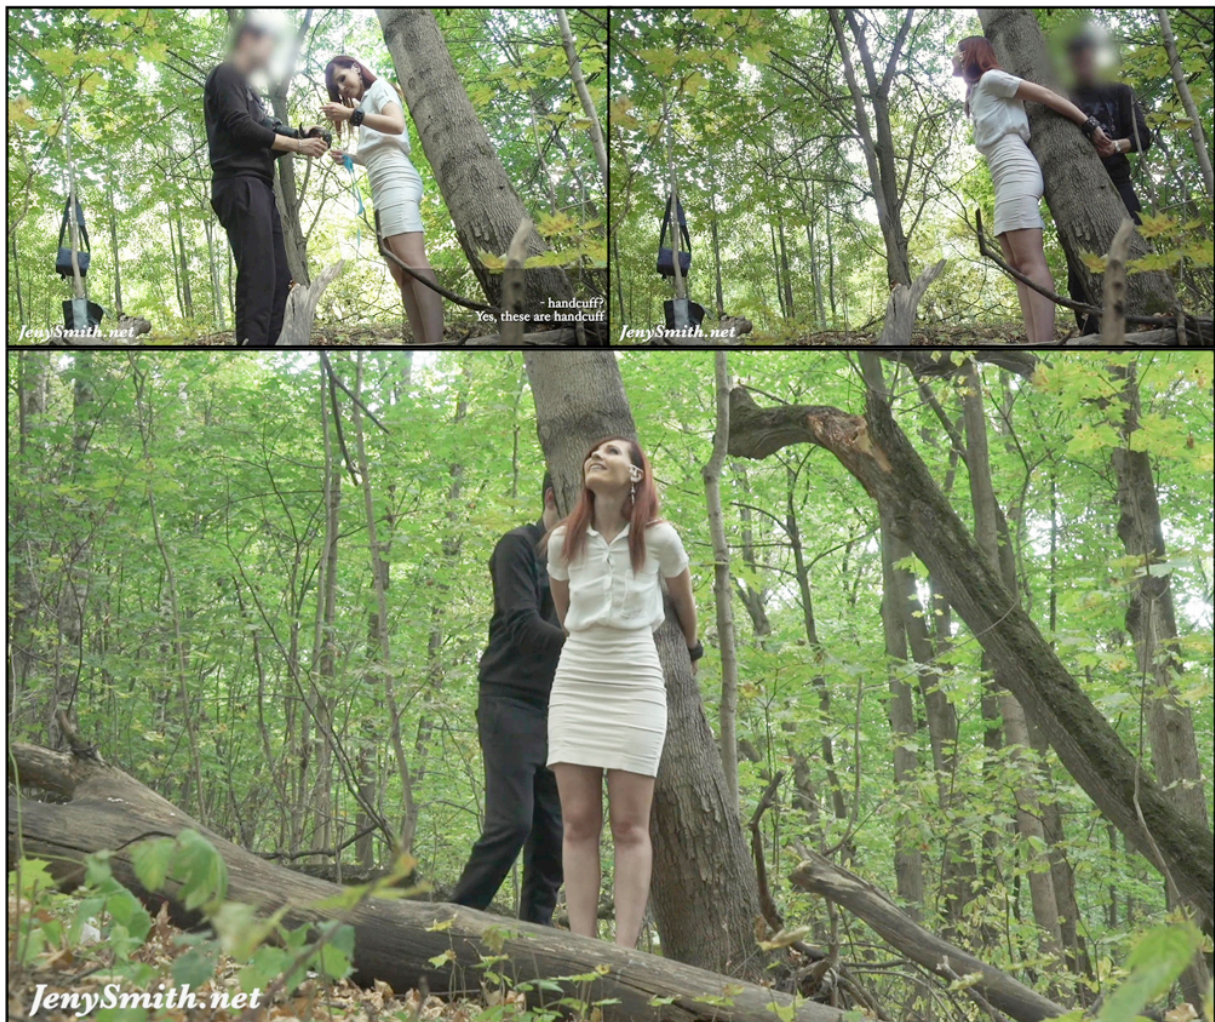

We discover Jeny in a car park, explaining that she's waiting for someone. She's wearing a tight skirt and a see-through short-sleeved shirt. The boy we see arrive is a novice photographer. She has explained to him that she wants to give her husband a present and take a series of fetish photos. They head off together into an undergrowth and I guess she describes to him more precisely what she wants from him and from the shoot.

They had just chosen the location for the shoot. Jeny sets up her camera, because everything will be filmed, while the guy tests the light to define the exposure times and settings that suit. The slit in Jeny's skirt is already deep.

Now Jeny pulls out a pair of handcuffs. Once they're on her wrists, Jeny leans against a tree and the guy clasps them behind her back. The shoot can begin. Jeny's nipples are already erect through her see-through shirt.

For the next scene, Jeny asks him to get out the leather garters he has to put on her thighs. Jeny insists that he place them as high as possible, pulling up her skirt as far as it will go. Her pussy is visible because she's not wearing panties. After a few shots she invites him to unbutton a few buttons on her shirt and then to unbutton it completely. The guy's hands are in direct contact with Jeny's offered body. The game's off to a good start, and this time the shirt that's been pulled down over her arms has the effect of fully exposing her magnificent breasts.

Jeny asks the man to untie her. After pulling up her skirt to expose her buttocks to his gaze, she is tied up again, but this time facing the tree. And the shoot resumes. Jeny continues to direct, asking to be spanked for having red marks on her buttocks. After a moment's hesitation, he takes pleasure in doing it under Jeny's encouragement. The apprentice photographer starts to take more and more initiative and suggests poses to Jeny.

Jeny is no longer tied to the tree. With her hands behind her back, her tits and pussy exposed, the photos begin again. With each change of pose, the guy's hands are placed more firmly on Jeny's body. It has to be said that Jeny is no longer hiding anything and things are getting hotter and hotter. Sitting on a tree trunk, she caresses herself and the photographer looks happy.

After another spanking session for one last photo with the red buttocks, Jeny gets dressed and they leave as they came. Back in her car, Jeny gives us her comments, which I'll let you hear as you watch the video.
