

Review for video “Halloween Party”

For this Halloween party in a nightclub, Jeny intended to stay bottomless in a dark corner of the dance floor but nothing went as planned. Alex uses IR video so that we can better see what is going on.

Jeny has just arrived. She is dressed in a black mini skirt, a light-colored sweater and a pair of boots. A wide belt marks her waist. She weaves between the many people present.

She pulls up her skirt to lower the zipper better. It's already getting interesting.

And Jeny's skirt quickly slides down her legs.

Her sweater only covers half of her butt, and when she turns around, we can clearly see her pussy.

After two guys approached her, here is Jeny near the dance floor, leaning over to adjust her boot.

We now see Jeny leaning against a wall, her pussy clearly visible.

She doesn't care about the people around her and she takes off her sweater.

She only wears her boots, her belt and her bra that she now takes off.

The place is dark but a guy just caught her. But what did he really see?

Jeny asks the guy next to her to hold her things while she takes off her belt.

Jeny is now completely naked.

And just when Jeny wasn't expecting it, the photographer of the evening approaches and here she is in full light for all to see.

And when he asks her to pose near the steps, she accepts without difficulty.

Now he would like her to come into the cage on the main dance floor. Jeny's answer was a broad smile.

And that's how this evening ends, with a very unexpected ending that wasn't planned.
