Running time; 20 minutes 52 seconds

This video is amongst a series of 'Psychologist' videos that I have reviewed in no particular order but you will be able to find them in calendar order by using the Jeny Smith Treasure Maps (JSTM) which you may find useful (see link at end of this review).

Just to confuse you further, this video is part 3 although it's number 4 in the series of interviews Jeny had with victims that day. But the important fact to remember is that this was Jeny's favourite of the interviews that took part on that day (for convenience sake the victim will now be known as B).

I have since been informed that there are more psychology videos. This highlights the shortcomings of the tag system which the JSTM site corrects, please use the link below!

So here we go! Jeny is sat behind a large table which itself is situated in a large room with cameras positioned at various locations so we won't miss anything. So we first see Jeny sitting behind the desk and from our view point the first thing we spot is that she is naked below the waist!

All that is worn below the waist is a pair of black patent leather ankle boots and above the waist she wears a sleeveless white polo neck jumper and a faux fur wrap. Her makeup is subtle and it highlights her fabulous eyes.

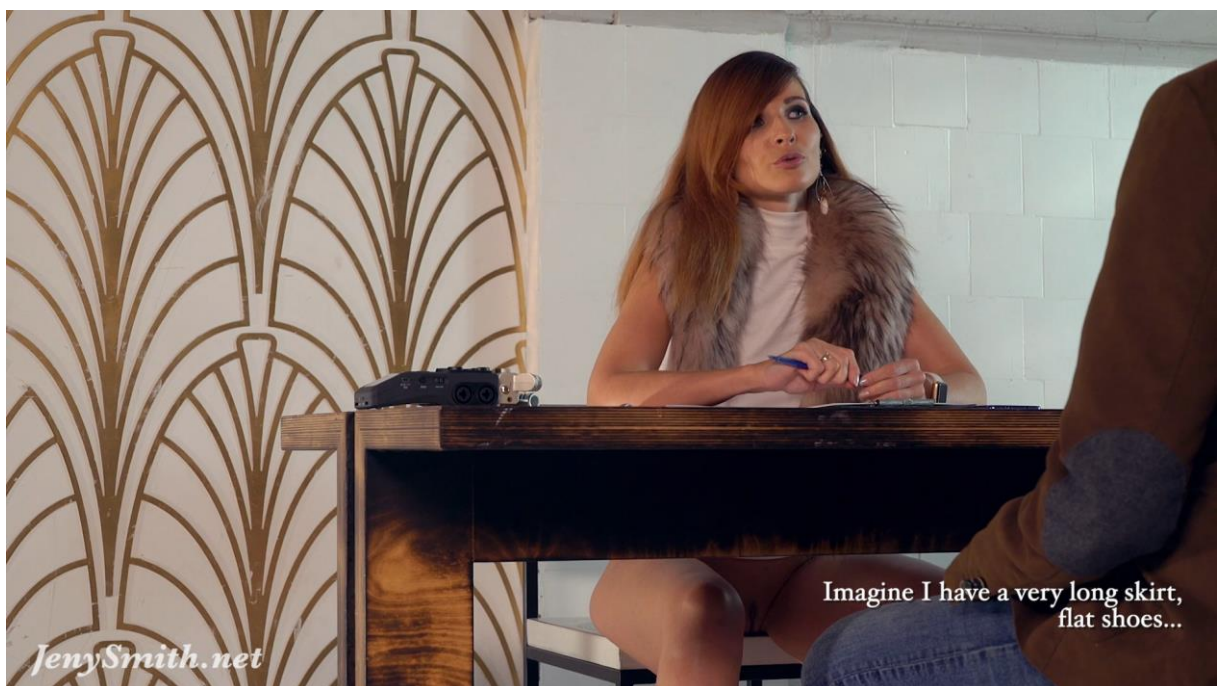

We sense immediately that B is nervous when he enters Jeny's lair, he is asked simple questions such as his name and he appears to have forgotten! Jeny's approach is to try to make him more relaxed although she thrives when in the company of such shyness.

The first part of the interview is standard psychology questions and isn't translated, meanwhile Jeny has uncrossed her legs and we can see the tiniest of landing strips which do nothing to hide her gorgeous hairless pussy lips.

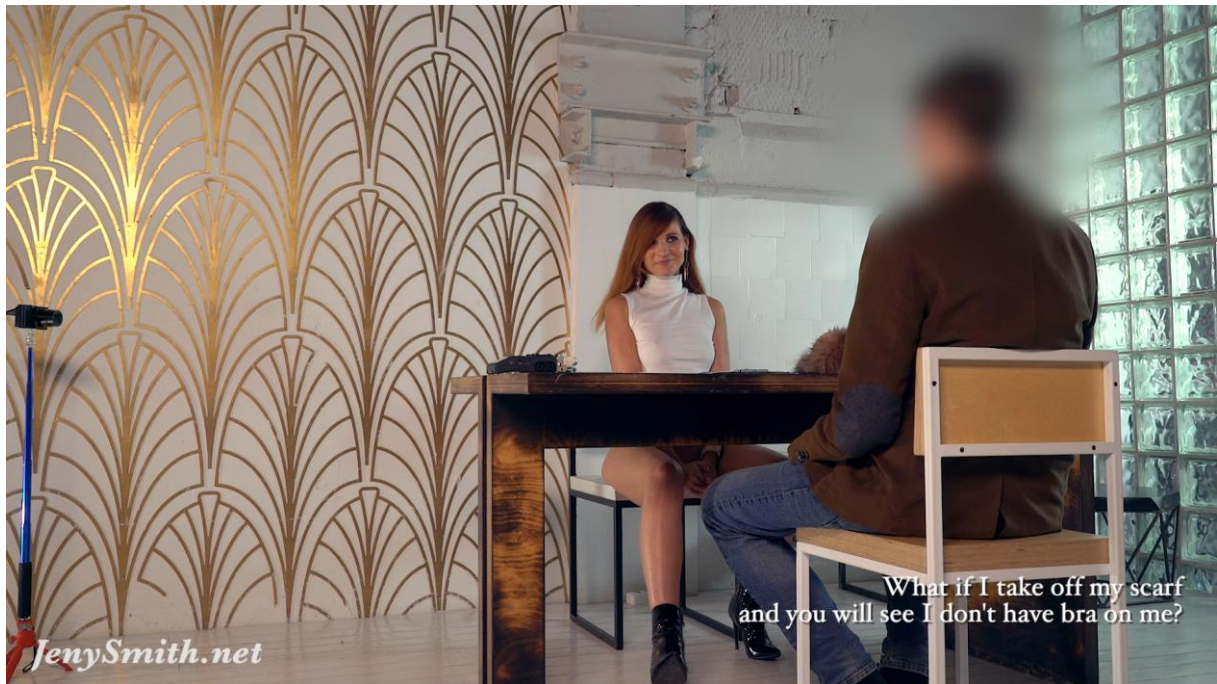

Jeny starts by asking B about perceptions, whether they cause anxiety or serenity, for example if she is wearing flat shoes and a long skirt, how does it make him feel? anxiety? alertness? No, he feels safe, calmness, serenity. And all the while Jeny is asking him how he would feel if she was wearing things such as a tiny miniskirt, we are able to see what she is wearing.....not a great deal!

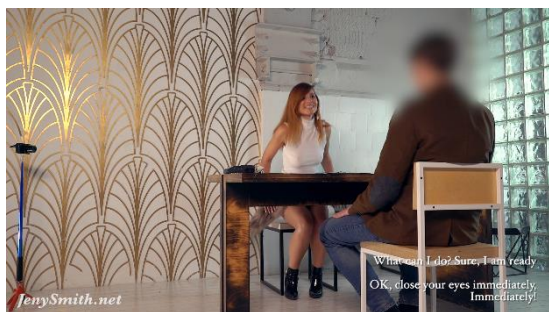

The conversation is largely about perceptions and how we react to certain stimulus and B remains nervous, constantly rubbing his hands on his thighs, whilst Jeny is warming to her task.

Eventually she removes her faux fur wrap and tells him that as he can see, she is not wearing a bra (which is obvious to us as well!) as can clearly be seen due to her hard nipples.

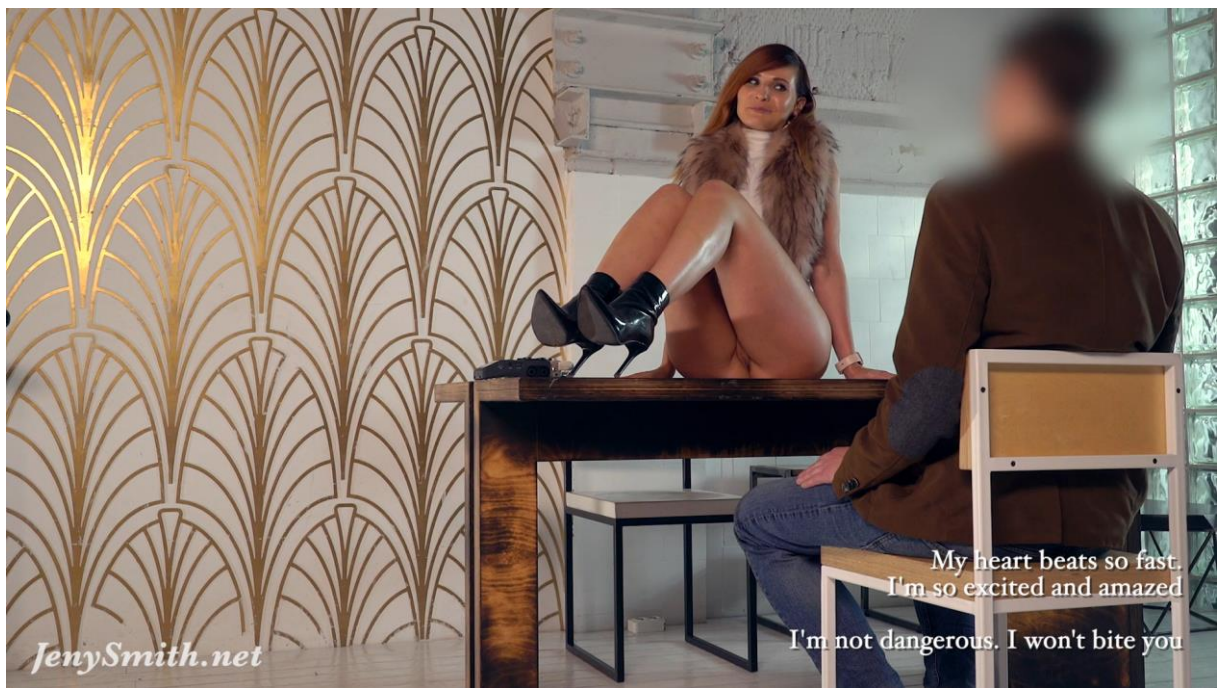

Jeny continues to tease and embarrass him. He is putty in her hands and even though his face is blurred we can see him blushing. Eventually he is given 3 options as to what Jeny is now wearing, which option will he choose, before he can reply she warns him that he will be shocked! And she stands up revealing her naked pussy.

Due to some great editing we are able to see B's reaction and he is clearly shocked at the sight of Jeny's nudism but at the same time he simply says 'wow' and applauds, this reaction is greeted by Jeny with her thanking him and expressing her delight at his reaction.

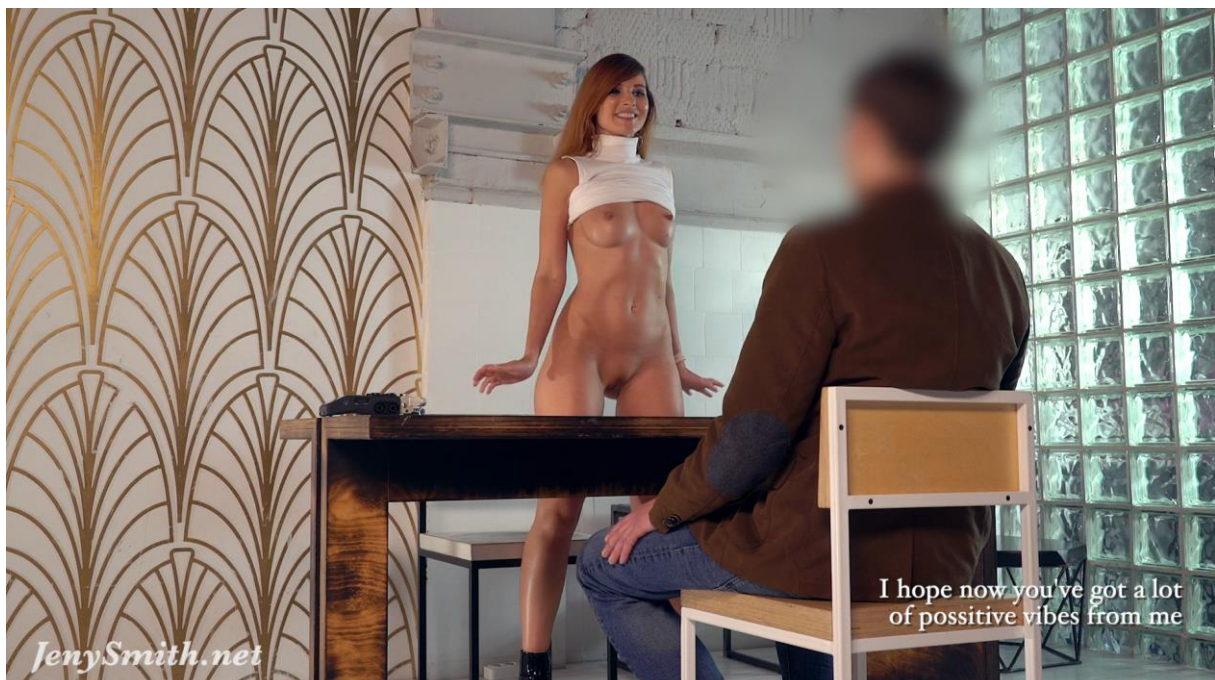

Jeny now switches to her most exhibitionist traits, she is the cat in a game of cat and mouse. She climbs on the desk, opens her legs, her pussy fully exposed and at one stage she asks B what if she is embarrassed, B says that there would be 2 embarrassed people in the room!

Jeny is clearly aroused by B's reaction and continues to tease him mercilessly and goes on to equate herself to Marilyn Monroe (Merlin as its translated in the subtitles!!) and I certainly would agree with Jeny!! She is beautiful says B and it's a pleasure to watch you!

Jeny says she wants to be more extreme and she pulls her top up to reveal her fabulous bare breasts and to all intent she is naked now, she bends over the table, her beautiful bottom towards us and all the time B is rubbing his hands up and down his jeans (he is going to spontaneously combust if he is not careful!).

I think you are ready for
your "breaking bad" right now

As things begin to come to an end, Jeny explains that she does what she does because she gets great pleasure from being viewed and she describes her fetish as Erotica (it certainly isn't porn) and she ends the session with a handshake.

I hope you get as much pleasure from my review as I get from writing it, so until the next time our paths cross, Poka poka, Heather.
