

Review for “Face to Face session Prt1”

Tags: None; Published: February 14st, 2020

Running time: : 18 minutes 55 seconds

To set the scene, the psychology test takes place in a relatively small room, enter Victor (the guinea pig!) and Jeny who is wearing a white short sleeved blouse, a short skirt which barely covers her white stocking tops and high heeled shoes. She asks him to sit whilst she takes the seat opposite. After she has introduced herself, Jeny begins to question him about his fears to which he replies that this is his first time with a Psychologist so naturally he has some fear. Jeny is pleased that she is his first (a psychology virgin!)

Jeny continues her theme of how its natural for all of us to feel fear. While she is talking to him she is opening her legs so he can see her bare pussy. Her skirt has ridden up revealing that she also wears a suspender belt.

Jeny is now in full teasing mode her skirt pulled up so high that her bare pussy is now on show as she continues to talk about fear and Victor begins to open up and says that he is nervous because he is worried that Jeny may be able to read his mind (goodness knows what Jeny would find if she could read his mind! 'She's not got any panties on!')

No wonder he is nervous about what may or may not be happening, Jeny gets up from her seat and with her skirt now right up and displaying her suspenders, the skirt barely covers her pussy. She stands behind him and strokes his head. And still he is trying his best to act as if this is standard psychology behaviour!

Jeny is now back in her seat but this time she has pulled her skirt up so that her beautiful butt is exposed. As if she wasn't torturing him enough she grasps his hands and places them on the bare skin above her stocking tops.

In the excitement of the moment Victor has managed to undo one of the suspenders and is told by Jeny that he must do it up, so there's Victor fumbling away with her suspender and Jeny's bare pussy only inches from his face, no wonder he can't work out how to fix the problem!

As if this wasn't enough to confuse Victor, he hasn't realised that Jeny has unbuttoned her blouse.

Jeny is a woman who demands perfection and this includes her stockings that must be at the same level, poor? Victor must check that everything is symmetrical and that includes from behind! So Victor (and us) get to see Jeny's fabulous bottom. Having ensured that everything is as it should be. Jeny then ups the temperature even more when she removes her blouse and those gorgeous breasts are displayed.

I'll leave you to imagine how the rest of the session evolves suffice to say that once again Jeny lives up to her title of Queen of tease!
