

Review for video “Elite Car Service prt 1”

Tags: elite, car, driver, taxi, bmw; Published: 25 February 2020

The opening shot shows us the cockpit of a luxury BMW car. We see also the legs and hands of the driver. Sub-titles flash up to tell us that Jeny has paid for four days’ business class service. This video runs for 19:48 minutes and is the first of what will be a series of three showing her exploits during that time. We then see a shot of Jeny sat in the rear of the car dressed to impress. She is wearing her hair in a platted ponytail. Further sub-titles tell us they want the driver to believe she is a rich woman who likes to have fun!

What sort of fun? The next shot shows us a mobile phone screen with a moving die that ends on the number 2 and a menu of options. It seems the fun will depend on the role of the die. It moves again and again and the numbers 3, 4 & 1 appear successively. A further sub-title summarises the outcome: white stockings, short skirt and the end part is most interesting – open legs at least for 2 minutes. This took place sometime before Jeny got in the car.

The next shots show us more of the driver whose face has been blurred. It also shows us Jeny (she has a camera capable of shooting 360 degrees) trying to set the camera on a stand on the centre armrest. The camera is put in place. The fun can begin.

We first see Jeny is indeed wearing white stockings (with black suede knee high boots) and a short skirt. A shot of the driver appears in the top left of the screen. She opens her coat. She then opens her legs. Her pussy, naked except for a tiny landing strip, can be clearly seen.

Jeny then undoes her blouse and scarf. Her breasts are next to be shown. That must be a bonus for us viewers as there was no mention about them in the menu of options. Jeny wants to be noticed.

She spreads her legs wide and sinks slightly in her seat to move her pussy closer to the seat edge. It looks puffy. She smiles. The camera tilts over (the view must be too much for it to bear) and has to be adjusted by Jeny.

She talks with the driver and saying it is warm and takes off her coat. Her chest is only partially covered by her white jacket. She flicks her nipples to make sure they are stiff. She spreads her legs

wide again and stretches her arms behind her head briefly, presumably in an attempt to attract the driver's attention.

She also strokes her breasts.

Jeny thinks they are getting close to their destination and tells the driver she wants to get out to make a video. The car stops. The driver gets out and very gallantly but quite properly opens the rear door for Jeny. At that point he surely could not fail to notice Jeny's state of undress.

The camera is held by Jeny and shows her walking away from the car as the driver returns to it. She wanders around and then walks back toward the car. Her fabulous naked breasts are visible beneath the open jacket. She places the camera on the floor and steps back from it before twirling around. She is clearly enjoying herself exhibiting her body outdoors.

Returning to the rear seat she becomes more brazen. She spreads her legs wide, stretches her arms behind her head thrusting her pussy towards the camera (and the driver?).

Her breasts are exposed. She caresses them as she smiles at the camera. Her nipples look so erect.

The car stops due to a traffic jam. Jeny picks the camera up to look around. We then see the driver look back and take a long lingering look at the beauty in his car with naked breasts and spread legs and pussy on show. He says he is sorry but Jeny says that is OK. From that point he takes every chance he gets to sneak a proper look at Jeny and what she is doing. Jeny looks away and pretends not to notice as she runs her fingers through her hair.

The next minute shows Jeny sat calmly on the rear seat. Her breasts are on show. Oh, and her legs are wide so her pussy is clearly visible, again.

The car stops and once again the driver opens the rear door for Jeny to step out. She has her camera on a selfie stick. We see the car has stopped at the side of a busy road. The road is brightly lit both from street lights and the lights from adjoining buildings. Jeny's jacket is undone so as she walks her breasts can be seen. She bends to place the camera on the ground. That gives us a look between her legs as she squats.

She stands up. The driver can be seen in the background watching her closely. As she steps back, he turns away from her. Jeny picks the camera up. As she returns to the car we see from the sub-titles that she has asked the driver if she can sit in the front seat now. Of course, he cannot say no.

Sat in the front seat, Jeny tries to place the camera on top of the dashboard in front of her. The driver says he has a suction mount she can use. We see him going to the back of the car to get it. Meanwhile, Jeny puts her seat belt on and her naked breasts can be seen. She opens and closes her legs. The driver returns to the driving seat so Jeny covers her breasts and closes her legs.

The suction mount cannot be used after all so Jeny continues using her camera mount on the selfie stick held in front of her. We then see both Jeny and the Driver (his face is blurred) front on. The driver switches on the overhead light. Jeny can be seen clearly. Jeny smiles as she opens her legs. Her hand strays to her pussy. Her fingers are moving – she's playing with her pussy!

The driver can be seen looking straight ahead most of the time whilst driving. But then...he stares to the right, at Jeny. He must be wondering what the beautiful sexy lady sat next to him is up to. All the time her hand can clearly be seen between her legs.

The car takes a fairly sharp turn to the left and as it does the camera tilts as Jeny loses grip of the selfie stick. As the car straightens, the driver has another long look at Jeny. The driver strokes his beard (what must he be thinking?).

We then see Jeny sat alone. The car has stopped and the driver then opens the front passenger door for her. She gets out and we see the rear passenger door is open and she steps back into the rear of the car. She sits coyly with her arms across the front of her jacket. Only her stocking tops can be seen as she blows a kiss to the camera and waves goodbye.

The final seconds give a preview of the next video. It shows a passenger sat with Jeny on the back seat! Intriguing.
