This is the second video in the Elite Car Service series which will run for 20:46 minutes. As a reminder Jeny has paid for four days’ business class service of a luxury car with driver. The opening shots are of a menu of options numbered 1 – 6 with a mobile phone next to it. The screen is pressed, a die is shown which moves and it comes to rest with the number 5 showing. A section of the menu is highlighted – “Get the random guy in the car. Show him everything”. As members know Jeny always tries to accomplish tasks she’s been set so we should be in for a treat.

The next shots show Jeny in the back of the car. She is wearing a smart red overcoat which is buttoned up. She has black knee high boots and her auburn hair falls loosely on her shoulders. The car stops, she lowers the window and speaks to someone we cannot see. She has offered to take that person to his destination, but she gets turned down!

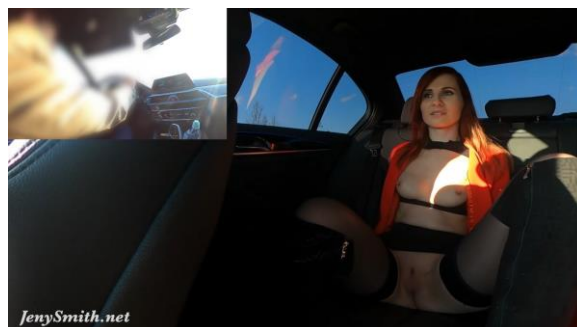

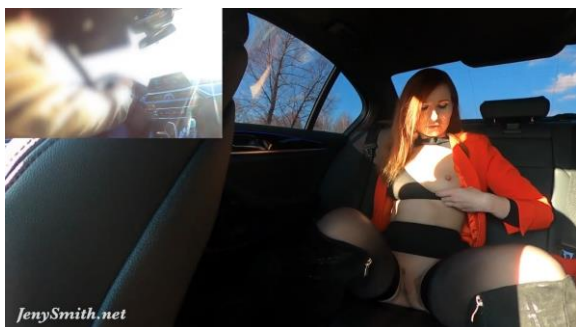

The car continues on its journey. Jeny undoes and takes off her coat and asks the driver to make it cooler, as she is hot. Underneath she wears a red jacket and beneath that she has a black low cut top. As she moves we get a look that confirms she is wearing black stockings. There is an all too brief look which seems to confirm there is no skirt.

Jeny settles down. She looks at the camera which must have been placed between the two front seats. She opens her legs wide and grins at the camera. There it is – her pussy, naked save for the briefest of landing strips. Almost straight away her left hand drops to her pussy. She rubs it a few times possibly to feel if it is at its best! Of course it is.

Her right hand lowers the zip on her jacket and fully opens it. We can now see she is wearing a sheer black bra- top and what looks like a very brief black skirt. The stomach area between those two is bare. She moves closer to the centre of the back seat and as she does she pulls down the cup covering her left breast, exposing her nipple. She flicks it and fondles it. She then does the same with her right breast before exposing both breasts. For good measure, she also lifts her left leg exposing her pussy even more.

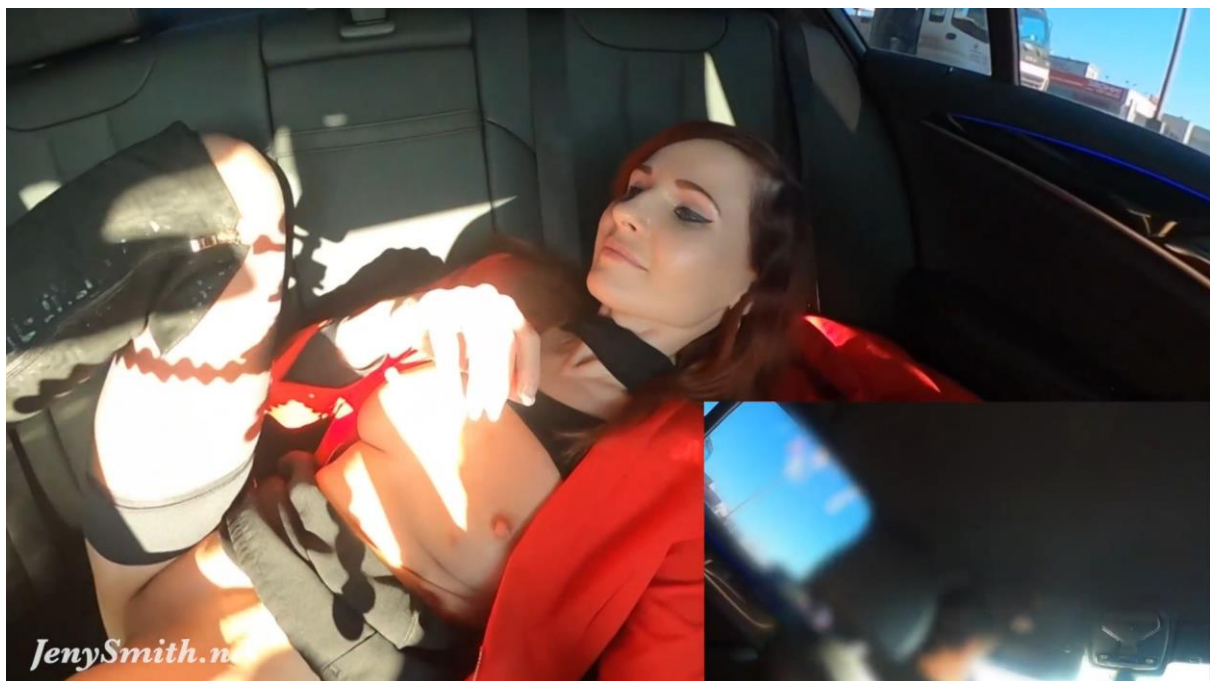

The bra-top is put back in place, but she does not close her legs! She plays with her pussy by stroking it, petting it, fingering it and gently smacking it. She then exposes both her breasts again to stroke them. The driver can be seen from an insert in the bottom right of the screen looking ahead but presumably could notice what is happening in the back in his rear view mirror. Jeny is definitely masturbating in the next scenes. As she does so, sunlight streams in the car windows and partially lights up her body and puts other parts into shadow.

The car must have stopped. We can see the driver taking a number of swigs of a drink from a bottle. As he does he tilts his head back giving him the chance to have a better look in the rear view mirror. It seems to be tilted downwards to give him a better view of Jeny. So, Jeny has an audience to perform for. So what does she do?

She only lifts her left leg and rests her foot on the back of the driver's seat! As if that wasn't enough, she then puts her right foot on the back of the other front seat! Her legs could not be spread any wider! It looks almost like she is getting ready for an internal examination.

We see the car is moving again. Jeny looks around and then smiles at the camera. It is a smile that says, yes I know I am being very naughty, but watch this. With that she raises her butt from the back seat and grinds her pussy towards the camera. She only drops her legs when she notices a large lorry overtaking the car.

However, that is not the end of Jeny's daring. She raises the bra-top above her breasts so they are naked. She then lays out on the back seat with her head behind the driver's seat. She opens her knees and rests her feet on the door armrest. She asks the driver to open the tinted passenger door window above her feet. She holds the camera on its selfie stick vertically above her body. We have a

bird's eye view of the gorgeous lady spread out below ready for action. We can see traffic in the adjoining lane. What is going to happen next?

Jeny's left hand is free so she uses it to caress her breasts and her pussy.

She actually starts masturbating properly but approximately 30 seconds later her camera captures the moment when the driver turns his rear view mirror downwards to get a better view of the action taking place on the back seat. Jeny sits up at that point – perhaps she has decided it would be safer to have the driver keep his eyes on the road! Anyway, Jeny has not yet done the task assigned to her.

We next see her wearing her jacket again which has been zipped up. She sits quite modestly on the back seat (although she is still showing an awful lot of her fabulous legs). She tells the driver to pull in at a bus stop she has spotted. We then see her lower her tinted window and then talk to someone. The dialogue is excluded. We then see quite a burly man, wearing a Parka type jacket climb into the back of the car to sit alongside Jeny.

She tells the passenger she is bored and wants to have some fun. He agrees to help her (of course). The next few minutes show Jeny at her teasing best. You really should check out the video to see her antics, which include Jeny taking his hands and guiding them over her legs, chest and butt.

Unfortunately, Jeny feels travel sick and asks the driver to stop in a quiet place so she can get out. We then see her getting out of the car which has been stopped alongside parallel rows of garages close to and overlooked by an apartment block. The passenger also gets out – Jeny has asked him to

video her. We see as he does so that the car driver is the same driver that drove her before. Jeny adopts various poses including pulling up both her top and her skirt.

She has a huge smile on her face as she dances and sways for the camera. She really enjoys flashing her body to both the passenger, and the driver of course. But she is also worried that someone in the apartments may see her and call the police, so they get back into the car pretty quickly.

The video ends with Jeny asking the driver to take her home. She is smiling broadly, pleased with the events of that trip.
