

My imagination inspired by the video “a naked girl on a dirt bike”

I met Alex while riding motocross (see my imagination inspired by the video “I have a tent to set up in 3 seconds”) and at the same time I met Jeny. Since then, we have been riding motorcycles together regularly. But that day, it wasn't Alex who called me for a walk but Jeny. She hadn't ridden her bike in over a year and decided to take it again for a little ride. She wanted me to accompany her because Alex was busy most of the afternoon at a supplier.

My surprise was great to see her equipped like a real motocross rider with all the protective accessories like the professionals. Without wasting any more time, here we go. We quickly leave the tarmac to join the dirt roads. It rained a lot yesterday and the paths are wet. I am immediately impressed with the way Jeny rides her bike. She has a good position on the machine, good technique in the turns and it's very pleasant to ride with her.

As it begins to rain, we take shelter for a moment. That's when she decided to take off her pants and then her leather jacket. Wearing only her boots, her helmet and a bodysuit, she gets back on the motorcycle and turns into the field without moving too far from me. At this moment I found the naughty girl that I had seen in her tent during our first meeting. She knows that I take great pleasure in looking at her when she passes me. After doing a few laps like this, she stops again to take off her bodysuit. She is now naked. She gets back on the bike, laughing, and leaves. The sight of her bare buttocks on the saddle, of her breasts jumping over the bumps in the path, of the mud sticking to her skin are terribly arousing. She comes back to me, puts her motorcycle on the stand and rolls around in the mud, screaming with joy. I should have undressed and rolled around with her but I'm too shy to do that.

After an all-too-short time, it's time to go home. I help her dry off and get dressed without daring to touch her dream body too much despite my desire. We find the tarmac then quickly the city center and we part ways like this.

My mind is still elsewhere when Alex calls me to tell me that the bike was very dirty, that he had to spend a lot of time cleaning it and to add with a laugh that he had to punish Jeny by giving her a good spanking, a spanking she loved to receive. Too bad, I would have liked to see the punishment.
