

## Review for video “Another Victim got into my nets!”

Tags: [victim](#); Published: [August 5th, 2020](#)

This review is of one of my personal favourites as its one of Jeny's earlier attempts to prank the victim, she begins at the end of the shoot the scenario that had occurred earlier. I'll let you read the subtitles to get the jist of what is coming, suffice to say that this is a classic Jeny video.

So to the shoot and with all our 'players' in place let us evening begin

LIGHTS, CAMERA AND ACTION 🎬

The first outfit that Jeny models is a turquoise leotard with knee high boots, she looks as gorgeous as ever! Going through some classic poses, Jeny helps the photographer get used to the camera (although the auto flash is working overtime to keep up!) Then on to the next outfit (veterans of Jeny's website will recognise the dress from another great video, the rest of you. .happy searching!)

With the introduction of a chair as a prop, Jeny 'accidentally' opens her legs ànd gives us and the cameraman a brief glimpse of heaven before Alex warns Jeny to put her knees together.

Presumably to calm down, the photographer goes outside for a cigarette! At which point Jeny tells us that the shoot is going to get hotter and so to the next outfit, a translucent red, orange and yellow dress that, after posing for more pictures, Alex warns Jeny that her nipples are visible and that she covers them with her arms, having done that she proceeds to show us how sheer the material is by holding her dress so that the light shows through to give us glimpses of her naked butt cheeks, next outfit is a Greco-Roman toga ensemble which is just layers of sheer fabric and is open fully to the side and only a string tied around the waist. Jeny is in her teasing mood and 'accidentally' allows her beautiful breast to be exposed by the fabric sliding down off her shoulder. The photographer on hearing Jeny gasp at her breast showing says he thought that she meant it to happen, many a true word said in jest!

Jeny's next outfits are 2 of her own bikinis, the first one being the larger of the two but that's a subjective view as the second bikini is miniscule!! She tells the photographer that lots of guys ask her where she bought it " you wear that in public?!!" to which she simply says yes! and she made it herself and has plans to sell them in the future!

Then Alex leaves the room for a "drink" leaving Jeny who off screen says that whilst he is away can the guy take some nude pictures of her 'to send to my boyfriend' as a surprise!

Enter your gorgeous Jeny naked but for her shoes and earrings and without any pubic hair as she is completely shaven smooth and her neat pussy is fully on show. She looks fabulous of course and poses for the photographer to snap away to his heart's content..

By the time Alex returns Jeny is dressed in a black very short top (which features a series of holes) and a pleated white skirt that is only held closed by a single button at the waist. My description doesn't do justice to how revealing it is!!! Jeny is now in her element and is soon showing her nipples and pussy with gay abandon

Deciding that it's too warm for even the little of clothing that Jeny is wearing, off comes her skirt and shortly after her top leaving her naked and on hearing music she ends the shoot dancing with joy at being naked in front of an audience.

Is that the end of the night's adventures? Well if you are not a member already please join ASAP à [jenysmith.net](https://jenysmith.net) to find out!
