

Review for video “My Friend”

Tags: [friend](#); Published: [26 December 2020](#)

Running time 26:31 minutes

Jeny is off on one of her shopping expeditions again. It’s around Christmas time and at that time, lockdown regulations were still in force. Jeny wears warm winter clothing teamed with a christmas cap. She sometimes has to wear a face mask. She has a long-time female friend with her to help her shop. Her friend will also help to film her. They are both in a happy and playful mood.

Often when Jeny has an audience she gets turned on and can act very naughtily. Her friend will be the audience today, so this has the promise of being a very erotic video as we get to watch Jeny trying various outfits on in front of her friend. Plus there is a very erotic ending as we see just how close their friendship is.

We see Jeny walking around a woman’s section of what must be a large clothing store, selecting a number of outfits to try on. Background music blares out. We hear Jeny talking in Russian to a female off-camera. The sub-titles show that person is offering advice on the outfits being chosen. The camera pans around to show a mirror shot of Jeny stood by her cute friend who seems very much dressed for winter.

We next see Jeny in the changing rooms. Without further ado and with no embarrassment on Jeny’s part, we see her undress. She takes her top coat off first, then her red and black checked lumberjack style shirt. Underneath she is wearing a black sheer sleeveless bodysuit.

She sways and dances to the music being played loudly over the tannoy system, as she pulls down the top part of the bodysuit to expose her beautiful breasts with perky nipples. Her friend exclaims “Holy Mother, this is going to be the best Christmas Eve in my life”.

We can see from her eyes and despite the face mask, that Jeny is smiling broadly. But the friend hasn't seen anything yet. After she pulls on a sleeveless brown jacket, Jeny teasingly pulls down the bottom part of the bodysuit in time to the music. She poses in front of her friend showing off her naked body.

Jeny does some more posing in the brown jacket which gets the “thumbs up” from her friend. During those minutes we notice that the bottom part of Jeny’s outfit has an open crotch, so that even when she pulls them back up, glimpses of her pussy can still be seen.

The friend (we never get told her name) is pleased with the way her camera is working. She says she wants to put a story on Instagram but it is not likely to pass its censorship rules (because of what Jeny is doing).

Jeny tries the next outfit, a black sleeveless top, in the aisle leading from the main floor of the shop to the changing cubicles. Despite other people being around, she doesn't do the buttons up, she simply keeps her back to the shop floor as her naked breasts are on show.

The next top is sheer black so although covered, her breasts are still on show. Jeny asks her friend if she would wear the shop but she says she doesn't know.

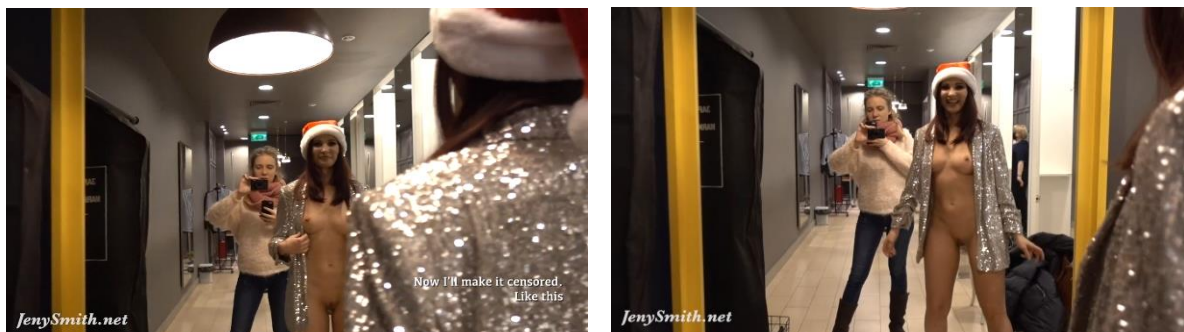

Jeny has now removed her face mask. That means we can now not only see her pretty face, but also watch her lovely facial expressions.

We then see the two girls walking around, selecting some more outfits for Jeny to try on. They must have moved to a different store because when they go to the changing rooms, they are different. The one Jeny is using now has a wooden door.

Jeny says "This time I will take the bodysuit off and I will step out into the hallway". But before she does, her friend takes a picture shot of Jeny naked, except for her Christmas cap, with the friend appearing in the split screen. "So cool" says the friend. No, so hot think I.

Jeny does indeed step out into the hallway. She is wearing a silver sparkly jacket. Her friend is behind her shooting the scene, as Jeny poses before a large mirror so we see her naked body and her friend.

The two women are laughing and giggling as Jeny performs a dance routine with the jacket, open at the front showing her breasts, tummy and pussy and her fabulous legs are also barely covered. There is a female customer behind Jeny and when she gets back into the changing cubicle, Jeny says she thinks the other woman saw what she was doing.

We then see the two girls back selecting some more clothes. This time they select a quite sheer mottled grey blouse with lots of buttons at the front. They must have moved to another store because we see Jeny walking into yet another different cubicle with that item and others.

Once again we watch as Jeny gets fully naked before trying on the fresh selection of clothes. Her friend continues to video her. We also get to see the reflection of Jeny in the mirror at the side of the cubicle. Jeny says she is so shy but her friend isn't sure she is.

The first item Jeny tries is the mottled grey blouse. Jeny parades and twirls wearing it in the corridor outside the cubicle.

It is so sheer that the outline of her body can clearly be seen when viewed from the back. When viewed from the front her breasts are visible, as are her nipples which are poking at the thin material. Oh and it is so short and there are no buttons on the lower part so her pussy can be seen when the material parts as she turns.

There is a male assistant in the background so Jeny turns again to face him and the movement catches his attention. He has a clear but brief look at Jeny before she turns around to go into the changing cubicle again.

The next item selected is a crisp pale blue shirt dress. At first Jeny partly closes the curtains on her cubicle as she thinks people are coming towards her but she soon parts them again so her friend can continue videoing her.

Jeny doesn't bother to do up the buttons at the front of the garment so once again we are treated to a look at the whole of the naked front of her fabulous body.

She then steps out into the corridor. The garment remains unbuttoned. We see the curve of her partially covered breasts, the nipple on her right breast, the slight swell of her tummy and its cute button and the lips of her pussy with the merest hint of a landing strip.

Her friend says "Awesome". Enough said. I totally agree.

The video picks up other people in the adjoining cubicles who must be wondering what is happening. It also shows the same male assistant loitering in the background. It's very likely he is fully aware of what Jeny is doing and is hoping to get another look.

For the next few minutes Jeny tries on some more outfits. She gets naked whilst being videoed by her friend and puts on a form of dance show for her whilst wearing a short white cable knit cardigan. Jeny sways her body, squeezes her breasts together between her arms before flaunting her naked body.

Jeny says it's a nice fabric to which her friend responds "Well Ok, but you are made of a very nice fabric as well". Some serious flirting is now taking place between the two girls.

We next see the two girls in a café. Jeny is sitting opposite her friend with her drink on the table. The camera pans around. Jeny is seen to be looking around checking for something. The camera dives beneath the table. We see Jeny fiddling with the crotch of her bodysuit and there they are...

...Jeny's pussy lips with the hint of a landing strip. Jeny is getting bolder and was checking to see if anyone was around to see the naughty game she was about to play.

The camera then focuses on Jeny's top part. She pulls apart the check shirt and her breasts and nipples can just be seen beneath the thin material of her bodysuit.

We see Jeny walking along another shop floor selecting some more clothes to try on. This time, the video picks up that the crotch on Jeny's bodysuit is still open meaning that her pussy lips could be spotted at any time. When she turns away from the camera and lifts her shirt, the material of the body suit is so thin that her butt cheeks can clearly be seen.

One of the items Jeny has selected is a red vinyl mini-skirt. She teams it first with a long sleeved black top which she deliberately puts on back-to-front, so her breasts are exposed. She then picks a grey glittery jacket which she doesn't do up, so again her breasts are exposed. All the while she is in the aisle outside the cubicles as other shoppers are trying on clothes behind her.

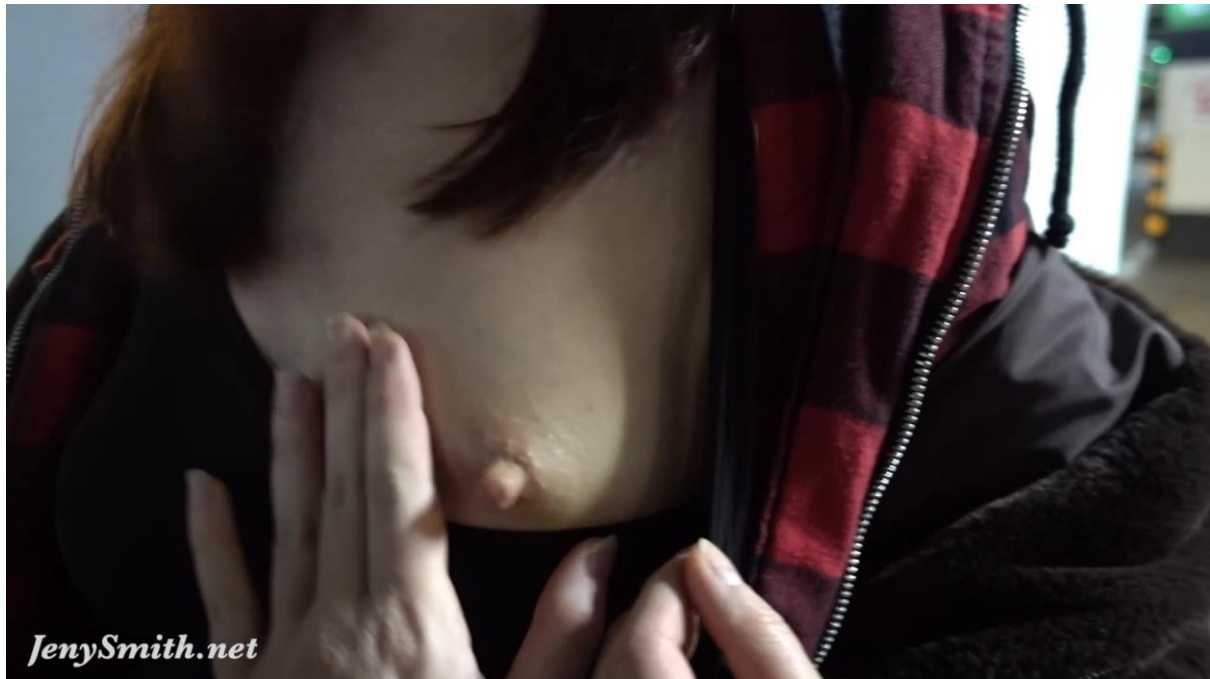

Her friend likes the red skirt and says "I'm in love". She may very well be. Possibly as her reward, when Jeny gets back to the cubicle, she lifts her leg to give her friend a better view of her pussy.

Jeny tries on and models some more clothes in much the same way. We see a man enter a cubicle opposite Jeny and she thinks he may have caught her flashing.

We see Jeny putting her street clothes back on as they get ready to leave. The crotch on her bodysuit is still open!

The girls are in the parking lot. They are still having fun, talking and laughing. The camera pans around the car park to show other people going to and from their cars. It then zooms in on Jeny's face. She has a smirk on her face and a twinkle in her eyes. We see a hand, her friend's hand reaching out to touch Jeny's left breast. Between them, they pull Jeny's top down and the nipple on that breast pops into view. It is so stiff. The hand caresses the breast.

The camera looks around to see if the coast is clear. When it looks back Jeny has exposed both her breasts and she squeezes them together.

With her free hand the friend caresses both Jeny's breasts gently for some seconds. The camera checks around again.

When it looks back at Jeny she has put her breasts away but she is now pulling at the material of her crotch.

The friend has knelt down so the camera is looking up towards Jeny's pussy lips. She says "I'm going in". Her hand extends and we see her caressing Jeny's pussy lips with her fingers for some seconds. The middle finger especially concentrates on the landing strip and just below it the area of Jeny's clitoris. We hear the friend laughing so she is clearly enjoying herself.

Jeny then takes control of the camera for an all too brief while, so we are looking downwards at the friend's fingers on her pussy. As the friend stands up, it settles on her face which has a big smile on it. That caps what has been a very fun day for the two girls.
