

Review for photoshoot "A See-Through Shirt"

Tags: Shirt, Wood; Published: June 29<sup>th</sup>, 2021

Jeny is walking in the woods. She only wears a belted transparent shirt and sneakers. The last buttons of the shirt are undone and we can clearly see these little white panties. We will ask André if it is really Lilly. Jeny stays there, without moving. Walkers pass her, she smiles. Sometimes she reveals her buttocks by pulling up her shirt and other walkers pass her. Many turned their heads to see her panties. So she decides to remove it and make a bracelet from it on her wrist. She now pulls aside the tails of her shirt. Her pussy is visible. Two guys nearby look at her, pass her then stop to look at her again. This time she takes a few steps back and forth then undoes her belt and opens her shirt. A man passes with his dog, just behind her, then two others on rollerblades. Did they see that pretty, half-naked woman on the way? Jeny hesitates. She looks to the left. She looks to the right. She notices a guy hiding behind the trees. Will she take her shirt off completely? Finally she gets dressed and gets back on the road. What happens next is on the video and it's hot.
