

Review for photoshoot “The Awesome Red Dress”

Tags: Red dress; Published: August 29<sup>th</sup>, 2021

Jeny has a meeting with a friend and she hesitated for a long time over the choice of her outfit. Finally she opted for her red dress which closes with a small belt. The V-neck doesn't allow her to wear a bra and she decides not to wear panties. The fabric is light and Jeny feels like she's walking around naked but she likes it. She doesn't take her car. She puts on her sneakers and leaves on foot. Arriving in front of the residence, she waits for her friend near the small wall attached to the guardrail but already she finds the time long. Jeny looks beautiful and sexy in this outfit. Her cleavage catches the eye of passers-by and very quickly her nipples appear through the thin red fabric. Excited and naughty, she now takes poses that open the sides of her dress. It had to happen. More and more people pass in front of her and her friend doesn't arrive. He is late. To remain discreet, she decides to move a little further away. Sitting on steps a little further back, she now dares to play and show off just to pass the time and have fun. But isn't there someone far away behind the trees enjoying it incognito?
