We are in the waiting room of a psychology office. Following the posting of an ad and in order to complete a questionnaire, someone responded favorably. Jeny plays the client and Alex the psychologist. Jeny is wearing a light dress with a very low-cut and very short. And for once she is wearing panties that she made with old tights.

Alex leads a young man into the waiting room and onto the large couch. He picks up a magazine while Alex goes to his desk at the back of the room. The wait begins. Then Alex now introduces Jeny who sits on the chair in front of the guy. She in turn picks up a magazine and the wait continues.

Discreetly, the young man looks at Jeny. It must be said that the short skirt necessarily attracts the eye. Everyone reads in their own corner, in silence. That's when Alex leaves the room and Jeny opens her legs a little, revealing more and more of her little black panties. (Jeny will tell us later that it was at this moment that she felt the first sexual excitement because the game began without going back.) Of course the guy doesn't miss anything of the show and makes the most of it, looking for the best angle to observe it.

Alex returns with two bottles of water, announces that the wait is likely to last and apologizes. The guy tries to start a discussion but Jeny barely responds. The silence is very present at this moment

because Jeny offers an incredible view of her panties without being aware of it. But she knows what she's doing, the naughty girl.

Alex comes back again. It's Jeny's now. They both disappear from the waiting room. The guy stays alone. The silence becomes heavy for him. He resumes reading his magazine. A few moments later, Jeny returns to take her place on the chair and find her magazine. The guy smiles again and his gaze quickly shifts to Jeny's thighs. She keeps her knees together for a while and the guy is desperate to see the panties again.

And just as the young man was starting to find it too long time, Jeny's legs began to spread little by little. Oh my god, there are no more panties. The view of her pussy is already making him sweat. Jeny crosses then uncrosses her legs like Sharon Stone in Basic Instinct and he can't believe his eyes. He tries to start the discussion again, but to no avail. Always this silence.

As Alex gets up to open the window, Jeny shushes with her finger in front of her mouth and openly shows her pussy, her landing strip, her treasure. The guy is no longer hiding. He looks openly and Jeny is having fun, she is happy. The silence is abruptly broken because Alex has just activated the swinging of suspended metal balls. (Jeny would later tell us that the lack of panties and flashing skirt made her heart beat very fast. The silence and then the sound of the hanging metal balls colliding resonated on her clitoris like a sharp sting of pleasure, state as if she and him were having wireless sex.) She continues to show him her crotch but no longer dares to look in his face. He takes the opportunity to photograph her with his phone.

Alex comes back to get Jeny. The guy finds himself alone again. The wait is long and the silence disturbing. When Jeny returns, she is completely naked. She only has her pumps left. She stands, facing him. Incredulous, he wonders and asks her questions. She doesn't answer and just smiles. Once the surprise passes, he becomes bolder and asks her to turn around and then approach him. He then begins to caress her buttocks and then kisses them. After the game of cat and mouse, he began a massage to the neck and shoulders. Honestly his hands wander of a bit. That's when Alex came to pick him up to fill out his questionnaire. (Jeny would later tell us that she did my best not to melt. Even when a woman doesn't want sex, a good massage with warm oil can make her vulnerable.)
