This is a screenshot of the very first scene of this video, which has a run time of 27:19 minutes.

It shows Jeny sat in the passenger seat of her car. She is wearing her hair up, so we can clearly see her extremely pretty face and her beautiful green eyes. In the next few scenes, the sub-titles tell us she is going to a waterpark and she has a plan!

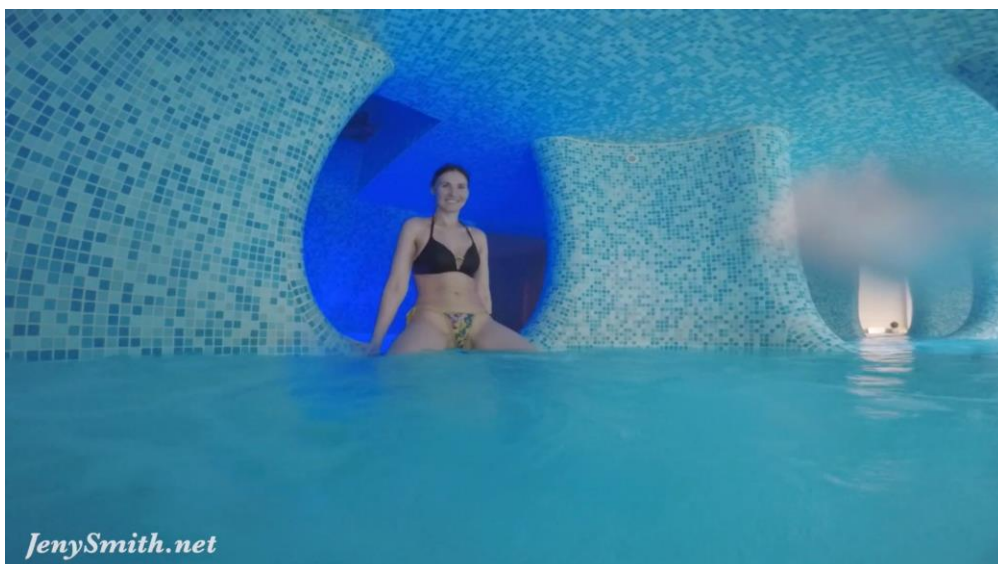

She seems very pleased with her plan! But, the next scenes show Jeny still sat in the passenger seat of the car. They are caught in a traffic jam. We see a number of vans and lorries in the lane next to Jeny's side of the car. She thinks they are bored and feeling public spirited, wonders if she can cheer a few of them up.

The selfie camera she is holding pans down. She's pulled her trousers down so her bare thighs are on show. As are the wisps of her landing strip and the top of her pussy's lips. She hopes some of the drivers on her nearside will be able to see what she is up to as they will be sat higher in their vehicles.

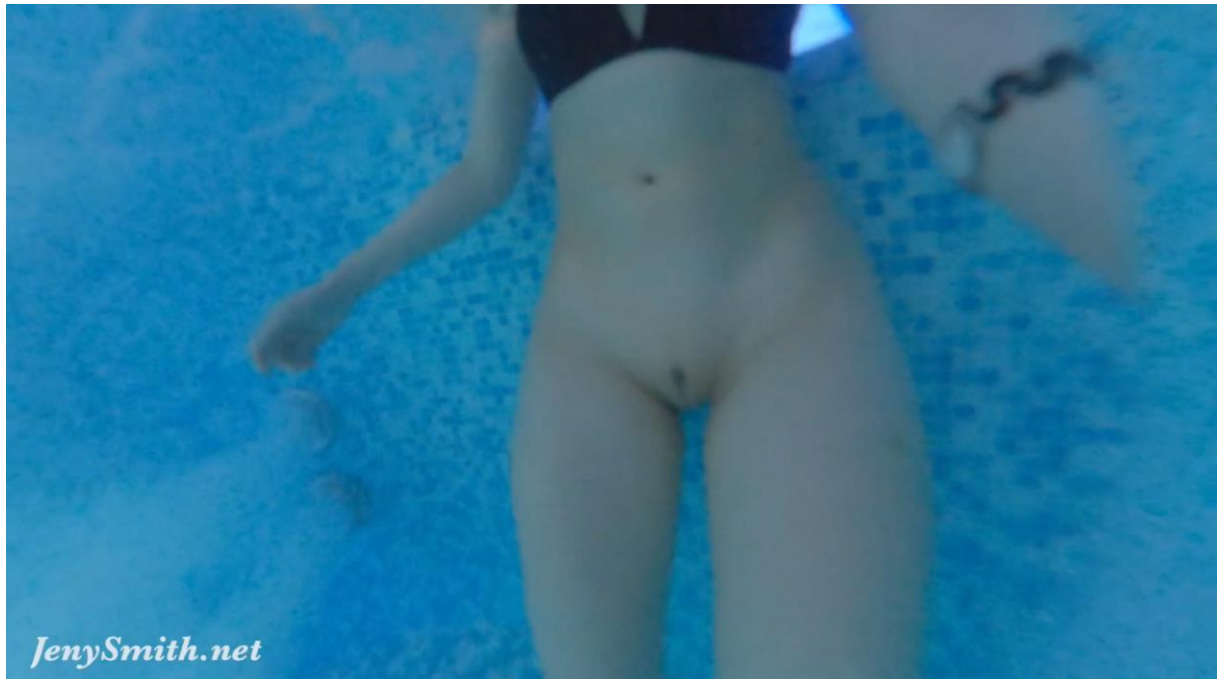

Jeny catches the eye of a lorry driver. She thinks he has seen what she is doing: he hangs back in his lorry to have a better view of Jeny even when he has the chance to move forward and get in front of her car. The next few minutes show her car passing trucks and vans on the nearside and those passing them when their car stops. You can see from the huge smiles on her face that Jeny is really enjoying her game and how naughty she is being.

They then arrive at the water park. We see Jeny sat on the side of an indoor water park just about to slip into the water. Jeny, being Jeny, cannot resist spreading her legs as she slips into the water.

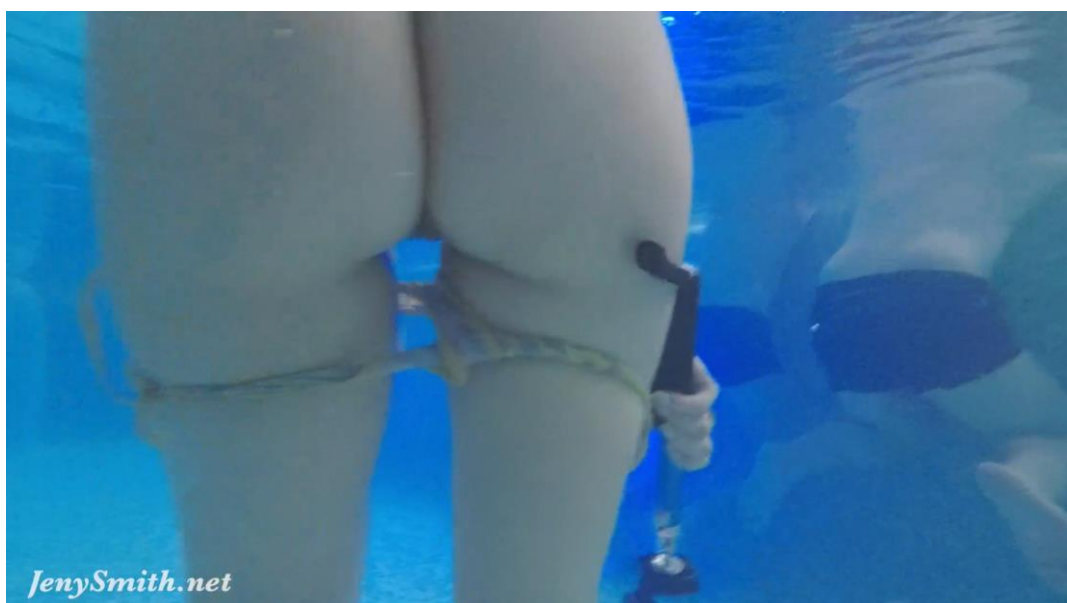

Jeny's costume is mis-matched: the bra is black and the cups and straps are quite large; the bottoms are patterned and much smaller with tied string sides. (Jeny explained in her comments to the video that she hadn't brought a costume with a top so she had to buy a bra at the venue).

Luckily for us the viewers, Jeny has a camera with her that works underwater. Alex thinks that the tiny bottoms Jeny is wearing still cover too much. So, he tells her to take them off. She undoes the tie sides and slips the bottoms off. Alex takes them off her and we then get our first underwater shot of bottomless Jeny which she takes using the selfie stick! We then see her swimming away.

There are a number of different small pools connected through marble tiled arches. We next see Jeny in a shallower pool. She is stood up and the top part of her body is out of the water. The water is clear and her naked lower body can be seen if you care to look (I did!). Other people can be seen in adjoining pools. Jeny is holding the camera on a selfie stick and provides some more underwater shots.

Alex also has an underwater camera and he provides the next shots of Jeny's fabulous butt!

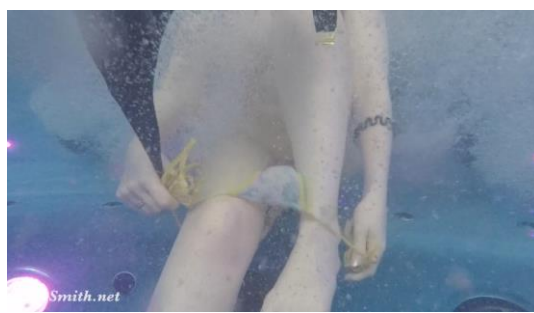

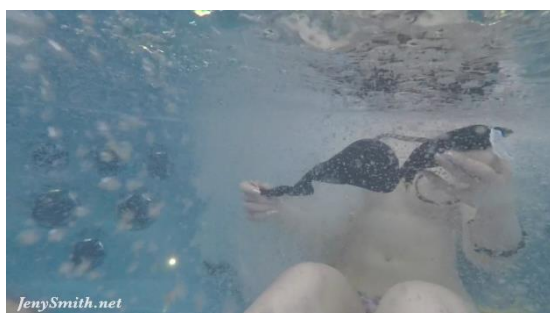

But, her butt is covered (sort of) by the bikini bottoms. But not for long is her butt covered. We see her take the bottoms off. Oh, and she is in a pool which is shared with at least two other men. Unfortunately they seem to be looking away!

Jeny then moves to a tiled room within the Spa. With obvious delight she removes the bra and dangles it before the camera. Her breasts and those stiff nipples are free!

But not for long. Jeny holds the bra up to squeeze water from the quite large bra cups. Then, once again she encases her "girls" in the material. Shame! (Although I think it won't be long before we see them again).

Jeny then returns to the water, but this time we see her in a hot tub in a more open part of the complex. Other people can be seen in the background and in another adjoining tub. We watch underwater as she first slips the bra off (the girls want their freedom) and then she removes the bottoms. So she is now naked in the water and her modesty is only protected by the bubbles.

Jeny enjoys the feeling of water and the bubbles on her naked body for a short while. You can see from her smiles that she is enjoying the fact that all this is happening so close to other people in the Spa. But then Alex decides to give her another challenge. She puts the bra on but Alex takes the bottoms with him as he leaves the tub.

Jeny must be wondering how long Alex will be gone as she films herself and the surrounding area with her selfie stick camera. Then, a more mature larger woman gets into the tub with Jeny. Not only that, she suggests to Jeny that there is room for Jeny to move closer to her! Can she see Jeny has no bottoms to her costume?

Alex and Jeny then move to another room within the Spa. Jeny is in a lounge. When the other occupants leave Jeny whips off the bra and unties one side of the bottoms and poses for the camera.

They then move to another room. Jeny is feeling even more daring as she poses for the camera, fully naked with legs open. She looks around and feeling confident she is alone (apart from Alex), she feels bold enough to pet her pussy and tweak her nipple.

She puts her bra back on and closes her legs, just before a group of people come into the room and pass failry close behind her. Looking to her right, she smiles at someone we cannot see. A man must

have seen what she has been doing. But Jeny is in no rush to cover up and she even fondles her breasts before putting the bra back on and securing the sides of her panties.

Then she leans back with arms behind her head, legs closed, eyes closed, quite contented with her day's teasing.
