To set the scene to this video you may want to watch the following video which was filmed in a fitting room because the weather was too inclement for the date to take place  
Titled: Bad weather and try ons. Tags: none

So on to the video (I'm not sure where the attack is in the title!) we first see Jeny trying on her outfit for the forthcoming date, a denim top which I believe is worn back to front and shows her beautiful

breasts and nipples fully she also wears a black miniskirt, black stockings and black high heeled boots. Whilst modelling her outfit she lifts her skirt to reveal that she is not wearing panties (of course!) which is exactly what she wears to her date.

Then we meet Jeny at the park, she wears a leather jacket as the weather is not great (cool and windy) but that won't stop our Jeny! We then see Jeny walking arm in arm (which I love seeing as it shows a measure of intimacy between them) and then they turn off the path into a more wooded area although it's early spring and so there's not a great deal of foliage to hide behind!

Placing the rug on the ground, they sit side by side (as we are at ground level we have an interesting view up Jeny's skirt to her stocking tops and pantieless pussy!) There's also a sound recorder in the

bag that Jeny has placed in the over hanging branch that is supposed to pick up the conversation but due to the distances involved it only picks up snippets.

What we would have heard was Jeny asking him if he had noticed her 'secret' yet. No, was his reply, at which point he stands up. Jeny says again, can he see her 'secret' ? At that moment Jeny opens her legs to reveal her perfect pussy and the guy is speechless! When he recovers he tells us he was in a punk band and was used to unusual events at gigs etc, however his body language tells another story. He begins to smoke like a chimney and talks in short sentences! Jeny tells him that he can take longer looks at her pussy instead of shy glances which puts him at ease, especially when she asks him if he likes stockings and, of course, he does!

Jeny is now in her element and she knows it! She unzips her jacket revealing her denim waistcoat and enquires whether he likes her ensemble. 'It's awesome' he replies! And it certainly is, her nipples

erect and not because of the cool breeze! Standing next to him now, Jeny 'assists' the wind by holding the hem of her skirt out so that her perfect pussy is revealed. After a brief conversation about whether he has been on a date like this before (and no he hasn't!) Jeny takes her skirt off and her beautiful butt is exposed in all its glory.

"Is it better like that?" asks Jeny  
Yes is his best response.

Even the sight of a man walking his dog reasonably close by isn't enough for Jeny to cover her nudity and in fact she goes further, unzipping her jacket revealing her gorgeous breasts! Jeny realises that

she will be discovered by others if they stay there (a plan is developing in her head) and so she pulls on her skirt. She admits to her date that she doesn't wear panties, it's really important info, Jeny tells him, yes it's very important is his reply and so they walk some distance with Jeny's arm again in his.

Jeny asks him to take some photos of her and again she stands before him with her jacket undone and skirt pulled up so that he (and we!) get some wonderful views of Jeny's perfect body! Again they move on arm in arm (this intimacy is a delight to behold) only this time, Jeny explains what she has planned for the next part of their adventure!

And what is her plan? Quite simply Jeny is going to strip almost naked and she will hand her jacket and skirt to him and he is to walk away with her clothes and leave her with nothing to cover her

nudity even if someone discovers her!!

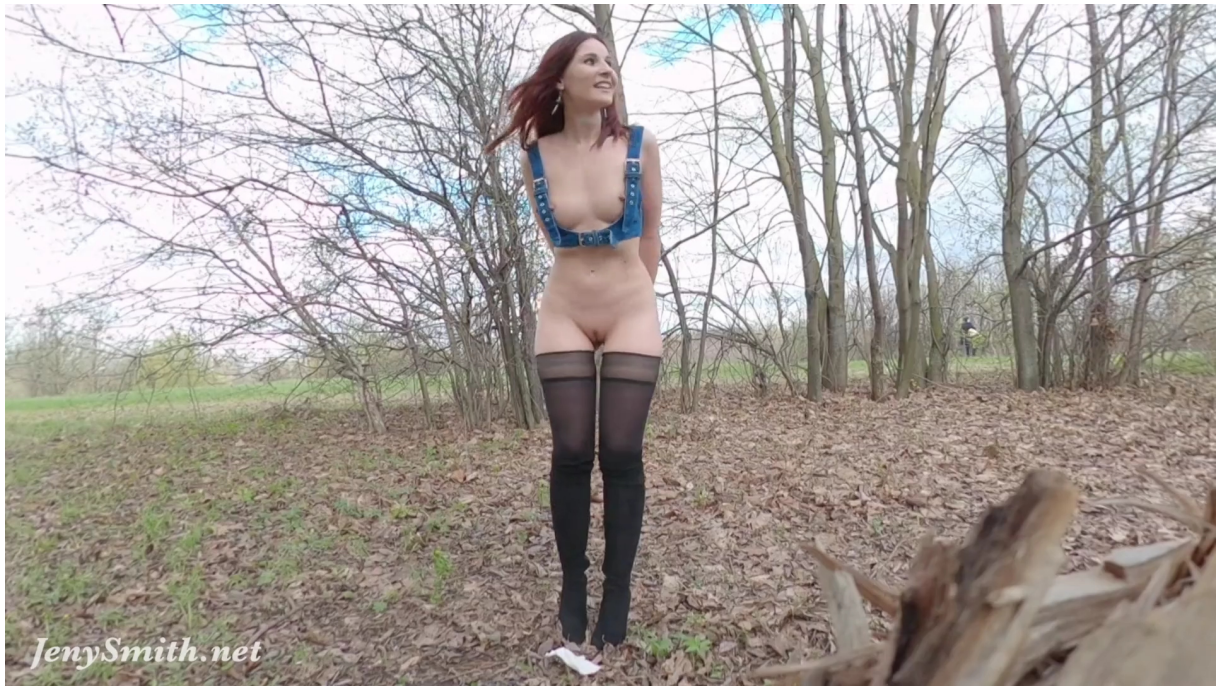

This is when we get to see (and understand ) what being an exhibitionist means to Jeny. It is the chance of being caught whilst being humiliating but also being seen in all her glory. It's a heady mixture and one we must hope Jeny gets tired of.

Jeny is fully in her element as she strolls about, she pulls her denim waistcoat down so that her beautiful breasts are better exposed, her tight nipples becoming ever harder (a sure sign of her

excitement). We see her date in the distance, yes, she is truly alone.

After what must have seemed an age he returns Jeny dresses and they walk away into the sunset (if only! okay, into the rather grey day!)

Later in the car journey home Jeny recounts the events of her day and in the course of which she tells us that she attacked him with her heavy artillery(ie she stripped naked, hence the title of the video

'date attack'.

And to cap it all Jeny and Alex stop for a McDonald's and a male employee comes to the car with their order and only afterwards Jeny realises that her bare breasts were on view the whole time!

Well that's all folks until we meet again.....
