

Review for video “The Shirt”

Another look back in the archives of Jeny.

This video starts in a woodland setting with Jeny strolling along on a boardwalk, it's been raining but it must still be warm as she is wearing a cream coloured man's shirt, a what looks like a belt with loops around the arms, sneakers and what is that you are wearing.....panties!! (or Lilly as anyone who has watched Jeny's video about helping the 20 year old guy will know them as!)* the shirt is translucent and it's only because of 2 breast pockets that her wonderful breasts aren't completely visible, mind you her fabulous nipples give the game away that Jeny is braless!

Jeny walks towards us and pulls the shirt open so her panties are showing. They are sheer and pulled up tightly between her pussy lips, now turning around she pulls her shirt up at the back to reveal her fabulous butt cheeks (her panties are a thong design) and casually walks back down the path only to find a couple strolling towards her. Jeny returns to the spot and stands to one-side as not 1 but 3 couples pass by, then in a break in the walkers (word must have gotten out that there's a beautiful lady who is just wearing a shirt in the woods!) Jeny slips her panties off and again opens her shirt to display her now naked pussy which stays on show despite more people walking past! including a couple of guys who stop either side of her in hope of seeing more, no doubt!

After they went away, Jeny continues flashing her pussy which has the tiniest of landing strips. She is in full flashing mood now and so firstly she unbuttons her shirt and gives us a glimpse of her gorgeous nipple before opening her belt and her fabulous body is on show for us to admire, her nipples erect. (I have to admit that I have fantasies about meeting and both of us being naked in the great outdoors!) Jeny isn't in the mood to cover her nudity even if the walkers continue to pass close by and when she spots a guy hiding behind the trees and spying on her she opens the shirt and shows the voyeur her gorgeous bare body in all its glory! Jeny gets a high from her exhibitionism and long may it continue as it does this day. Even a woman walking her dog isn't going to spoil her fun as Jeny stands with shirt open (I suspect the guy who passes by at the same time is the spy in the woods). He can't have missed the sheerness of the one garment between him and Jeny's naked body, her bare cheeks clearly visible.

We then see Jeny walking on the road presumably that leads to the carpark and the source of all the people out for an afternoon's exercise who knowingly or unknowingly have been witness to our Queen of tease. We then see Jeny sitting by the side of the road and her panties have escaped and are in the process of being eaten by Jeny's pussy! It's appetite satisfied, Jeny's now naked pussy is where it belongs, on display once again as Jeny now stands on a side path with her shirt tucked in to her belt at the back which has meant the front of the garment is open as well. So she stands like that as more people pass by. Then in the final scene we watch as Jeny walks along the road only this time she opens her shirt one more time showing her fabulous pussy.
