First things first, I'm not a member of a gym so I don't know the correct names for all the equipment that Jeny uses so don't have a go at me for mistakes but if that's what you are here for then you are at the wrong site!

The first we see of Jeny, she is wearing her gym gear, but this is no normal outfit. She is clearly braless, her wonderful nipples are trying to escape from the confines of the white vest she's wearing and while we are talking about tight, Jeny has managed to slip on the tightest of silver leggings which gives her the best of cameltoes, Jeny is also pantieless.

She has arrived at the open all hours gym very early in the morning and she clearly has more than exercise on her mind as Jeny is almost alone in the large open area. She begins her (and our!) warm up regime on the walking equipment and we are treated to the sight of her beautiful butt gently swaying from side to side. But Jeny wants us to enjoy more of her fabulous figure and, sure enough, the vest is pulled up revealing her gorgeous breasts and those fabulous nipples are released and already erect. As she moves around the equipment, Jeny becomes more daring, at one stage she pulls her leggings down and vest up so all of her treasures are on show.

Jeny continues flashing whilst those who are in the gym early are oblivious to the nakedness going on within metres of them! At one stage, Jeny seems destined to be caught as with her leggings pulled down beneath her knees and vest up above her breasts,

she wiggles her hips with her bum facing the fellow gym users, Jeny almost wants to be caught!

Jeny has now moved to the changing rooms where she is undressing for a shower and she shows off her fabulous body, her nipples erect and this is a sure sign that her adventure is reaching new heights of erotic fun!

Jeny's way of getting rid of the excess water from her body is simply to bounce up and down as we watch, her breasts are shaking free the last drops and then she is out of the shower and decides to go for a swim in the pool which is down a flight of stairs. At first, she tells us that she carries her swimwear with her, but we can't see any items in her hand and that's because she has decided to go naked in the pool! After the briefest of checks to see she is alone, Jeny simply strolls up to the edge of the pool and slides in and swims sedately away. Then back to the side where she lifts up herself to show off those fabulous breasts ...

and, turning around her magnificent ass. Jeny feels even more daring as she films herself walking along the side of the water before sitting on the edge and then she jumps up as a staff member bounds down some side stairs, Jeny reaches the relatively safety of the stairwell and collapses into howls of laughter.

It's only on watching the recording afterwards Jeny realises that the guy was oblivious to her nakedness!

We leave Jeny on a high. She is clearly happy at nearly being caught naked in public hence her title of Queen of tease!
