Jeny and Alex make new friends in this country that he discovers little by little. This one is a tattoo artist. He asked his client to be a model to make a promotional video, telling him that he would use an ephemeral ink that will disappear over time. They didn't tell the customer that it was going to be a prank.

The client didn't know that a young woman would be in the studio Jeny remains discreet so that he gets used to her presence For the occasion, she wears a white mini skirt, a white t-shirt and a little gray zipped jacket. When she approaches the table, it's to start a conversation.

Jeny goes to the other side of the table, pulls up her skirt and reveals her buttocks but the guy only sees that the skirt is very short.

Jeny takes off her jacket saying it's hot here and then moves closer to the guy for a first contact.

Under the pretext of seeing what the tattoo artist is doing, she is closer to her "victim". The guy seems to appreciate it, his bodylanguage confirms it. To calm things down, Jeny moves away a little and leaves the studio for about fifteen minutes. Back in the studio, after offering him a glass of water, she approaches again and pulls up her skirt. Her pussy is visible but the guy still can't see anything.

And again she is looking for contact. With her pussy on the guy's arm first and then with her nipples on the guy's head.

And here she is completely naked now. She approaches him but he has his eyes closed and he doesn't see her.

The guy always has his eyes closed. Jeny walks around the table and looks for an idea to get noticed.

So she takes his hand and puts it on her chest. There was a general laugh because the tattoo artist admitted to him that he had been in the confidence.

Jeny asks him to be spanked but he caresses her buttocks.

She pulls back a little and gives him a sexy little dance.

Eye to eye, well almost, the guy tells Jeny that he no longer feels the pain of the tattoo artist's injections.

Jeny gets closer and closer.

And finally she rubs her body against his. And that's how this new adventure ends, in pleasure and joy.
