

Review for video “Café, Shower and Backstage”

In my search through Jeny's catalogue of videos (that are all available to members!) I've found some classics and also feel that we maybe guilty of our expectations getting a head of itself!

I will try to explain what I mean. We almost expect Jeny to be braless and pantieless and to show us, without worrying if anyone can see. We must give Jeny a round of applause for being so daring.

Take this video titled; Cafe, Shower and Backstage. It has only received 85 thumbs up, yet when I tell you about the scenarios you might want to revisit it! This is a series of vignettes featuring Jeny in various places and in a variety of outfits (another thing that Jeny doesn't get credit for is the number of outfits she wears with seldom seen repeats!).

The first outfit we see Jeny wearing is an incredibly short dress as she sits in a cafe waiting for her coffee and from the low view point we can quite clearly see her pussy, as can the waiter when he brings her beverage. (Jeny must get great service wherever and whenever she dines out!).

The next we see of Jeny is out on the city street still wearing her short dress which barely covers her butt cheeks and whilst standing by a line of parked cars Jeny bouncing up and down the hem of her dress rides up revealing more of her wonderful ass!

At this time she turns to face the camera and there is her pussy in all its glory. Once again we must appreciate how risky this is for Jeny, an immigrant who could face being expelled from her new home!

Back to the action where Jeny is the passenger in their car, her dress pulled up as she teases us and then says the immortal line that it's time to shave her pussy! Jeny pleasures herself by spanking her pussy!

Then the next vignette, we are in the changing room with Jeny, still in her tight dress but not for long as she is now naked until she tries on the blouse that will make an appearance in one of Jeny's hairdressing videos, then on with a short white dress that you will recognise from her 'dark room' experiment where she is trapped in a room with a guy with no lighting! And then on with a brilliant cerise jacket which can be worn by itself but is shown with a very sexy leotard in the video of Jeny in her local park.

Then we change location with Jeny at home in their apartment opening a gift from a good friend and what is the gift? Only a box full of seamless hosiery (which she will try on in a prank involving a female photographer).

Next scene is of Jeny, naked in the shower (if I was to guess, this is when she shaved the landing strip ever smaller!).

Then we are in the forest for a photoshoot with Jeny in just some webbing and that is all (those people lucky enough to be members of jenysmith.net will recognise this outfit worn in the erotic

masterpiece 'IT)' and this time Jeny has a completely shaven pussy! She is walking around and doesn't seem bothered by the man who can be seen behind her.

And what a sight he is lucky enough to see! Jeny is so relaxed with her nudity and shows off the most perfect of bodies while strutting her stuff in front of her audience.....us! This is where the video ends, leaving us with some great memories.

So you should never be guided by the lack of thumbs up a video currently has because you will have missed some classics and NEVER underestimate Jeny's ability to surprise!
