Jeny starts the video by laying out the plan for the video that will follow and that is to feature a female victim in a hairdressing scenario. As is usual in such films, Jeny is both nervous and excited especially as the victim doesn't speak English and so their body language will be crucial in the coming hours. And what the victim will make of Jeny's body and the clothes covering it remains to be seen!

Jeny is dressed conservatively in a....

...you know Jeny too well to fall for that! In fact, she wears a top which looks like a large folded napkin (when you see it, you'll understand) in a paisley print with gold coloured chains that hold the top in place and her top ties at the back (all will become evident in good time) leaving her midriff and nearly the whole of her back visible, her black skirt is as short as we have come to expect from Jeny and manages, just, to cover her butt cheeks and to finish off the look she wears over the knee suede boots in black that fit like gloves and have platform soles and what must be 6 inch heels!

Taking centre stage is a bright red barstool like seat with a silver metallic base. Enter the victim and she wears blue jeans, a V neck light jumper in dark blue, with bright red nail varnish and a long blonde wig which Jeny will plait in a traditional Russian style.

Kate sits with her legs crossed as Jeny talks to the camera about the styles of hair she will look to achieve, Jeny jokes with us that she is going to cut the wig before replacing scissors with a hairbrush. Unfortunately because of the need to protect Kate's identity we miss seeing her facial expressions that Alex spots and comments on, he recognises the chemistry between Jeny and Kate.

Meanwhile Jeny has pulled her skirt up so that her pussy is just visible as are her bare butt cheeks, now peeking out. However Alex has placed a camera at the base of the stool providing us with some memorable up shots of Jeny's hairless pussy and at one point you catch sight of Jeny's nipples.

I have already mentioned about the blurring of Kate but the upside of this is that you concentrate on Jeny's body language and it speaks volumes! With each gentle flick of hair from Kate's forehead or cheek you sense the eroticism growing between them.

Suddenly, Jeny tells Kate to look directly at the camera. While Kate does that, Jeny is turning her top around so those marvellous breasts are hardly covered and at the same time she raises both her skirt and the temperature and seen from below it's breathtaking with Jeny's pussy lips looking fabulous

Kate can't fail to notice Jeny's nipples, now erect as they pop out from the thin strip of material attempting and failing to keep her breasts under cover, at this stage there's a beautiful moment where Kate spots Jeny's nipple and smiles as she appears to look directly at Jeny than all Alex As Jeny continues with the plaiting, Kate is growing in confidence with her hand stroking Jeny's thigh.

Then Alex tells the girls that he needs to pop out for a few minutes leaving them alone together (this has been prearranged) No sooner has he left. Jeny's trying to explain what is happening. Kate replies with a simple statement " you have a beautiful body " which is music to Jeny's ears. And during the following moments Kate strokes Jeny's fabulous breasts concentrating on those beautiful nipples and at one stage appear to be going to kiss!

However the mood is broken by, dare I say it, Alex's clumsy return. In his eagerness to capture what is unfurling between Jeny and Kate he manages to break the spell. Sorry but I'm going to be critical about Alex's motives, yes of course he was excited but they had plenty of cameras that would have captured everything and clearly Jeny was unsettled by his actions, calling a halt to precedings.

There is a brief break in filming and Jeny will finish her hairstyling, this time in just her skirt. There's moments of pure joy between them when they almost forget the cameras and when Kate has gone, Jeny explains that they had all gone for coffee in a nearby cafe where they had discussed what had just happened and also to plan future adventures (which haven't happened to date but watch this space!)
