

Review for photoshoot "Out And About"

Tags: dress, see-through, high heels, seethrough; Published: May 23<sup>th</sup>, 2023

Jeny ordered a beautiful, very, very sheer dress. She would love to be able to wear it to a club one day. With or without panties she asks herself. But in the meantime she's gone for a walk in town and without underwear obviously but with a trench coat. You know Jeny, she can't help but open her raincoat. Gorgeous tits and her landing strip are totally visible. She poses leaning against a tree then removes her raincoat and approaches a scooter. Her buttocks are visible to walkers. Jeny is delighted but to avoid a crowd she runs a little further. She comes to sit on the steps of the entrance to a building and shamelessly reveals her charms to us. Fortunately the place is more discreet, just a little because now she has to get dressed and go incognito.
