

Review for “Tape project prt 1”

This has long been a fantasy of many fans of Jeny's and was also a long time fantasy of Ed Vos who will be sadly missed by all of his friends and I'm very pleased to announce that Jeny more than surpassed herself. Based on the black tape project, we start this video with Jeny and the young female artist who designed the 'swimwear' that eventually adorn Jeny's gorgeous body checking their phones.

Quickly we move to a naked Jeny and for those who adore the fully shaven look, Jeny has taken the sensible decision to remove her landing strip given the fact that the tape is sticky!

There stands our naked goddess in all her gorgeousness as the young artist draws the outline of the outfit. Meanwhile a photographer hovers around snapping away. Then, with the basic outline of the suit on Jeny's body, she stands there in all her naked glory.

Soon Jeny is having the tape applied, small triangles of tape gradually covering her superb figure. The tape creating an iridescent sheen as Jeny turns to allow the artist to carefully stick the finishing touches to her design. The front image is revealing to conceal whilst the back leaves Jeny's butt completely bare apart from some slivers of tape disappearing between her gorgeous cheeks

Then we are outdoors as Jeny struts her stuff for the photographer (and some lucky workmen close by!) You have to admire Jeny's stamina as she poses almost naked whilst the camera guy snaps away in his thick fleece

Then to part 2 where we will see Jeny's way of warming up!
