

## Review for "Silence 2"

This is 45 minutes of Jeny doing what she does best.....teasing and so much more! The victim has been invited to take part in a psychology questionnaire and he is welcomed by Jeny wearing a vibrant red suit with a low cut top and the shortest skirt which is made even sexier by the inclusion of a deep slit in the skirt. Jeny is soon working her magic, bending over to reveal her pussy lips and bare ass. This brief flash is heightened by seeing the eyes of the victim as he too gets the same glimpse of nakedness. Then Jeny sits on the couch and slyly unzips her top revealing her gorgeous bare breast and wonderful nipple which she can't resist tweaking.

From the use of several strategically placed cameras we don't miss a single flash and we also get to see what happens when the victim gets his phone out and secretly films his view up Jeny's skirt, her naked pussy clearly visible, then Jeny stands up and walks back and forth and takes the opportunity to pull her skirt up and now showing her perfect bare butt cheeks. The victim has his doubts that not all is correct with the storyline, when he asks if this is part of the test to which Jeny replies sorry what do you mean? He says that he is sorry he was mistaken, clearly realises that he might as well play along with Jeny's game whatever that may be!

Needless to say Jeny's teasing continues, she relaxes back on the sofa and with a tiny piece of skirt not now covering her pussy. She chats with the victim about such topics as bus versus car travel and the flowers in the office! He asks Jeny if she is on Instagram and she sees an opportunity to flash even more, Jeny explains that her battery on her phone needs charging and where is the charger.....its behind the sofa and the only way to reach it is for Jeny to bend forward to connect up charger with phone, her skirt rising up and her bare ass and pussy are displayed in all its glory, the whole saga captured on his phone! Jeny explains to the guy that she needs her phone to check for messages from the people in the next room. Why? asks the victim. And this where Jeny pulls out her masterstroke! She tells him that they're filming an advert for the company and, low and behold, she needs to check her phone, again this means she has to bend over to retrieve the phone and her treasures are displayed once more. They need me now, explains Jeny!

She returns with a bottle of lotion which, surprise surprise, she needs him to apply it as she'll ruin her suit if it's touched by the oil and so we watch as oil is applied to her legs and do you think that Jeny finds reasons to get naked in front of him. I'll leave the rest of the video to your imagination but as clues just check the list of tags!
