We start off with Jeny outside and showing the local flora and fauna, reminding us to enjoy the natural world with its colours and smells. We know from previous videos that Jeny loves being in nature with bird song and all the signs that make us glad to be alive.

The first we see of Jeny (apart from a reflection of her in a shop window) is of her footwear, the bright yellow pair that have been seen in a number of Jeny's previous videos. Then we can see her lovely legs as Jeny continues her walk in a local park, the reason we can see so much of her legs is the length of her dress which just about covers her butt cheeks!

Jeny takes a break and sits on a bench in the park and gives us some glimpses of her tiny landing strip and smooth pussy lips, you surely didn't think she was wearing any underwear!!

Jeny drives to a shopping mall but not before she has strutted her stuff in the park walking back and forth, her legs looking so gorgeous as she does so.

Back to the shopping mall where Jeny, before going to the fitting rooms, has a green smoothie undoubtedly very healthy. And takes the opportunity to flash whilst looking for something suitable to buy. Now to try on some new clothes! Well to try on new items you must remove your old stuff and soon Jeny is naked! The first items are an orange blouse and black skirt which is long by Jeny's standards. She is soon pulling it up to a more acceptable length. Stripping naked again her next item is a black leotard which needless to say she looks fabulous in!

Then we see Jeny trying on a series of tops in another changing room and of course she is wearing nothing else. Until she tries on my favourite top which shows off her fabulous nipples and breasts so well. She matches the top with a long skirt and belt and as Jeny studies her look in the mirror we and Jeny spot a guy peaking through a gap in the curtains. Of course this is Jeny we are talking about and in no time she is nude again so that we and he get to see her sensational figure one last time before she dresses. But there is final chance to show off and Jeny can't resist bending over to reveal her perfect butt and then squatting down so that her pussy is exposed.

Now to finish Jeny sits on the balcony with her legs on display, doubtless (as we find out later) deep in thought about Alex and wondering when he would return!
